

WINNETKA TALK

Saturday, March 19, 1927

A Familiar Scene

This view is thoroughly familiar to every Winnetkan, it being nothing other than a glimpse of the gymnasium of our Community House. The gym is, of course, one of the busiest departments of this great center, but, even with its tremendous activity, is only one item in the highly diversified program of the House. The Governors of Community House are at this time extending the opportunity for renewals of subscriptions to meet the 1927 budget of the center. They also invite newcomers in Winnetka to have a part in this community enterprise.
