

Horace Mann Sets April 6, 7, to Sell Attractive Wares

The Horace Mann school will have many different kinds of attractive articles on sale Wednesday and Thursday evenings, April 6 and 7, in the manual training room of the Skokie school. Village residents and school patrons are already planning to save that date when articles now being made are put on sale.

Mrs. Anita Willits Burnham generously gave last Monday afternoon for furnishing and decorating the things made by the group of mothers working under the leadership of Mrs. William Elliott of 650 Blackthorn road. They have made bib and doily sets, triangular porch pillows and gay bags of enamel cloth, covered match boxes, animal napkin rings for children, and sets of checked linen runners and doilies.

The group at Mrs. Parker's has finished three dozen waste baskets. There will be several magazine racks and book shelves. Mrs. Hobart Young is making English print aprons, and Mrs. Samuel Smart has taken charge of the

leather work which is to be done with Miss Grace Herbst, who has ably and generously offered her advice and technique and patterns.

Besides these groups in homes there are mothers working with their children after school in many of the rooms, and the children themselves are making bags, kitchen kits, book ends, painted garden tools, and markers, bean bags, bird houses, and boot jacks for taking off muddy rubbers. Anyone willing to help in these last two weeks of work are asked to call Mrs. Hubert Howard, Winnetka 1513.

Whitlock Duncan Hurt in Fall From Moving Train

Whitlock Duncan, age 10, residing at 1314 Scott avenue, Hubbard Woods, sustained a severe scalp wound Wednesday evening at 9:45 in alighting from a North Shore Electric train at Tower road station. He was hanging on the steps of a limited train which does not stop at Tower road. He jumped off and was thrown, his head striking a post. He was picked up and taken home by William Howard, where he was attended by Dr. Jay M. Garner, of 545 Lincoln avenue.

Spring Cleaning Hardware

Spring is just around the corner... so is cleaning time, and spring cleaning isn't the most pleasant job to do. But you'll find that good "tools" will help to make it a whole lot easier.

Mops — Polishes — Dusters
Vacuum Cleaners — Sweepers, Etc.

for your Lawn and Garden

...and you'll find that by having the proper tools for the garden, only half the time will be needed.

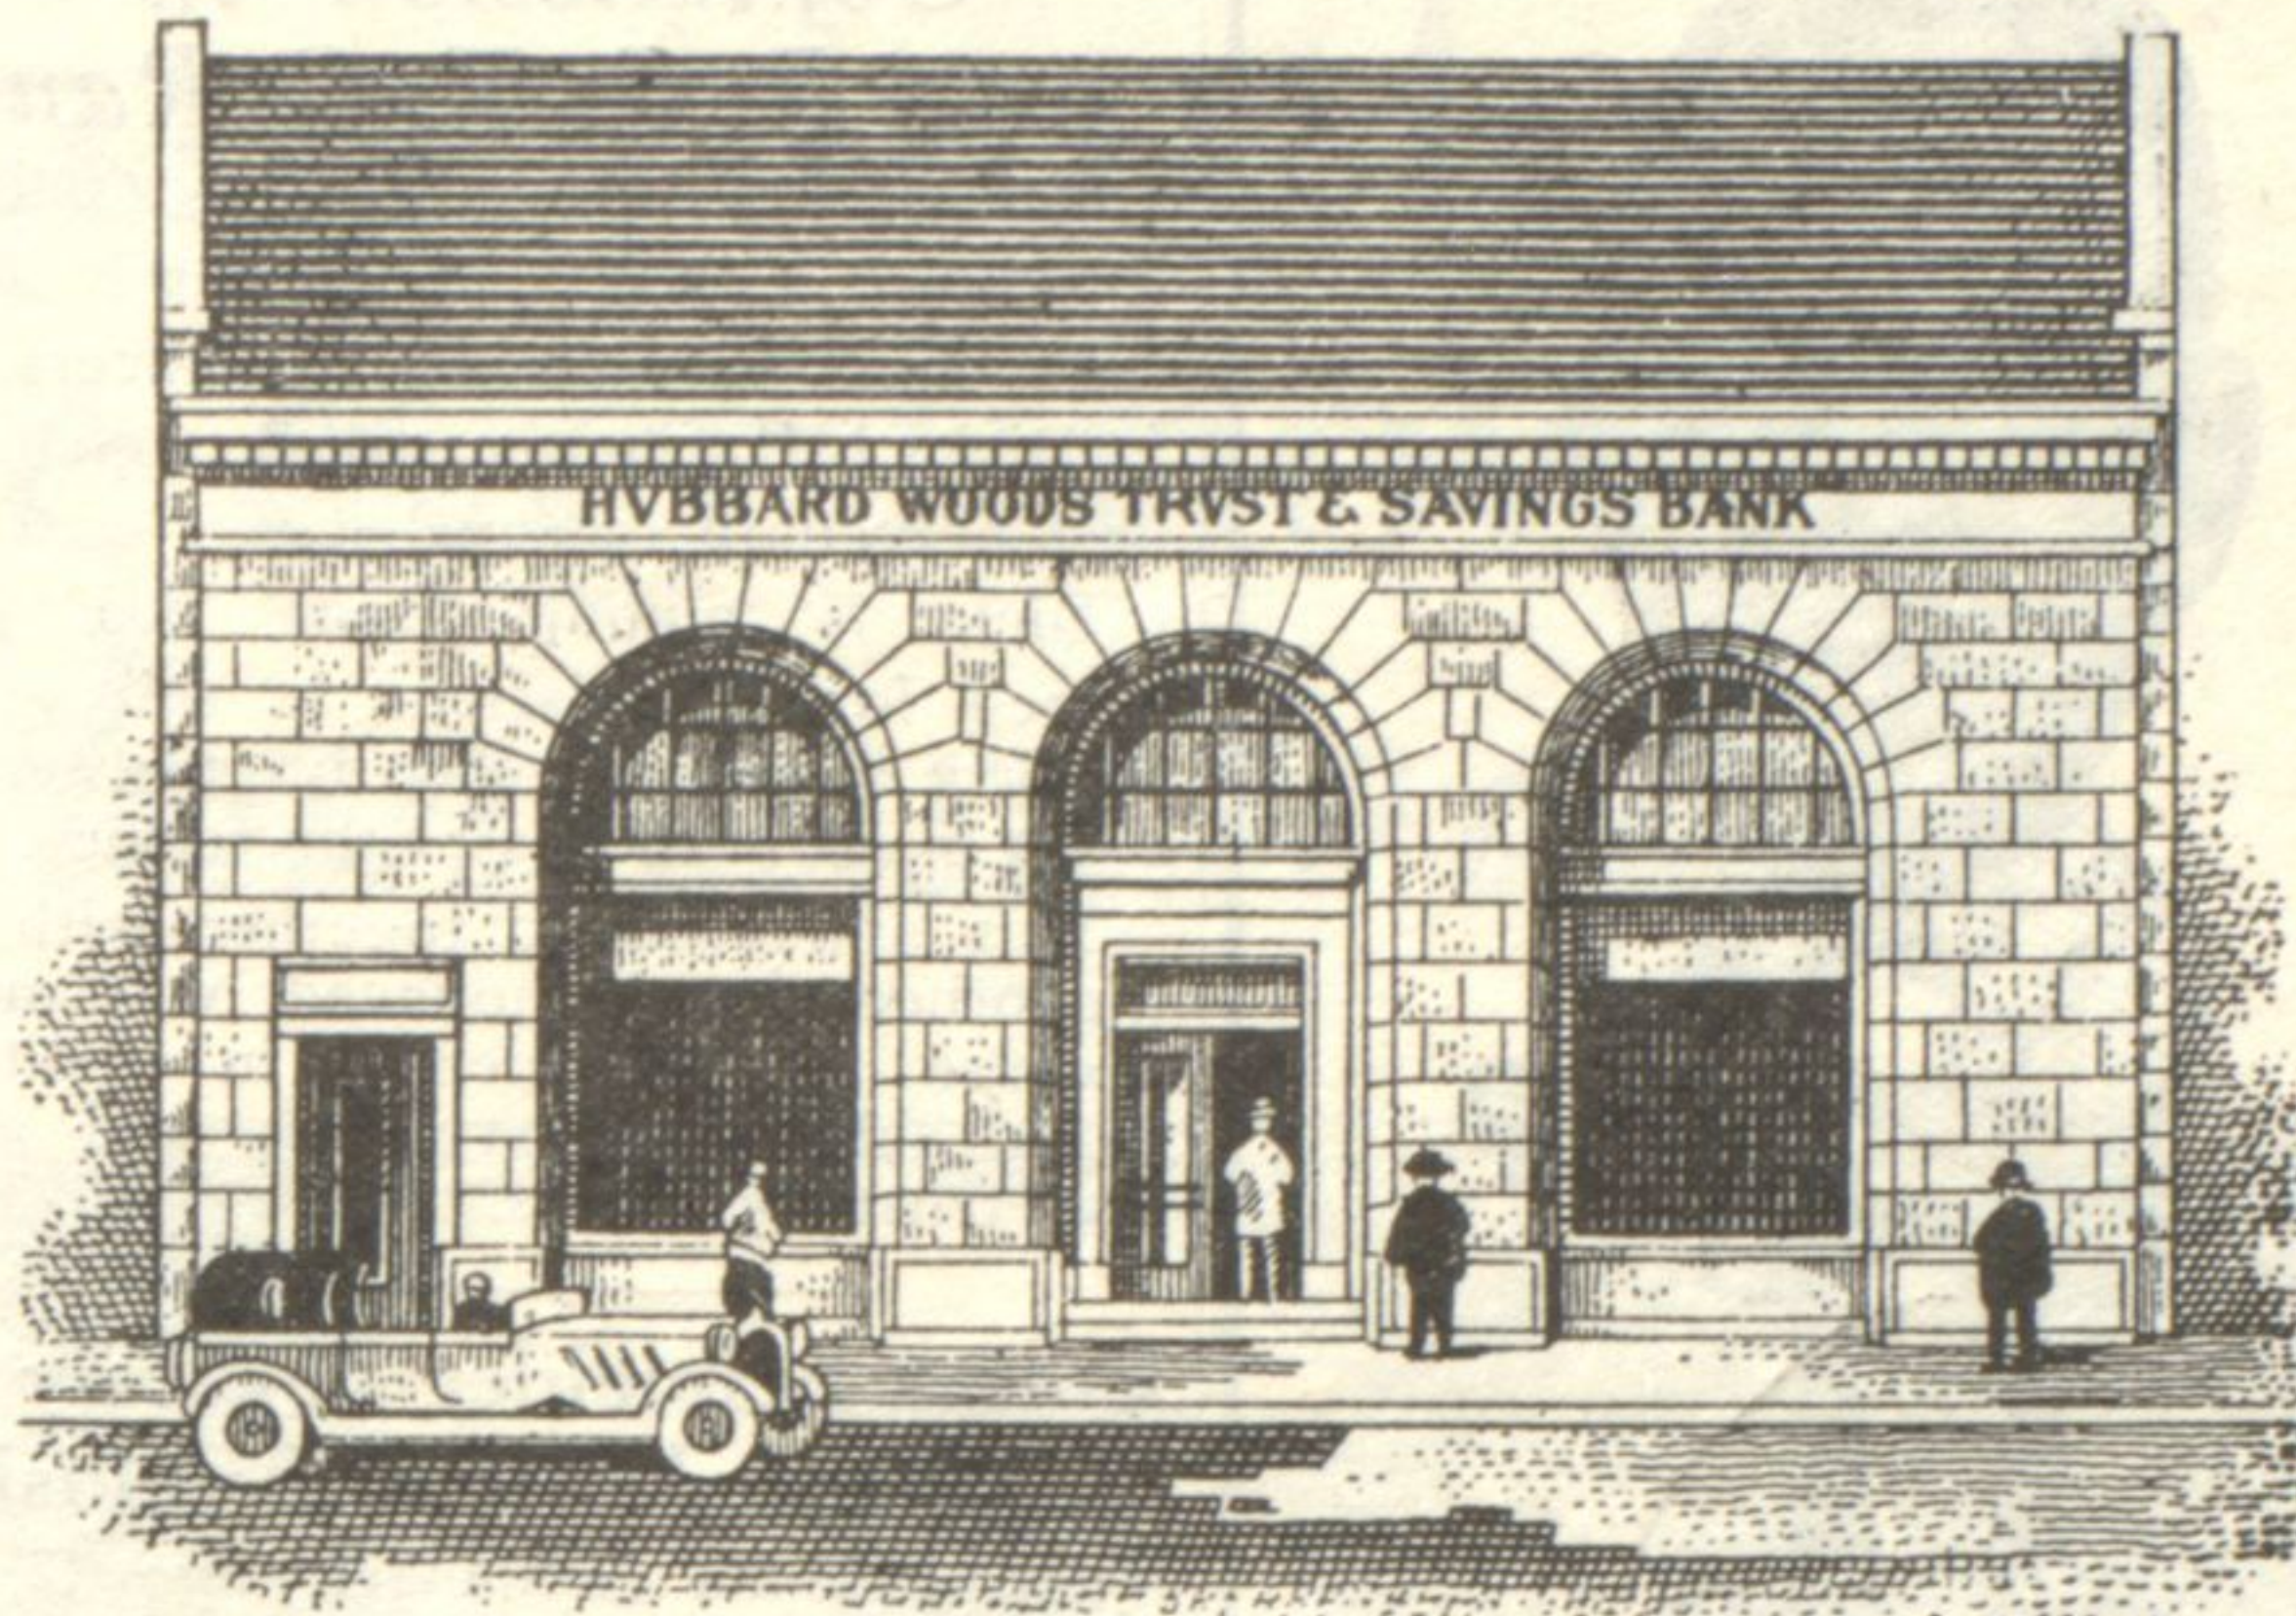

LAWN SEED — FERTILIZER
GARDEN SEED — BAMBOO RAKES
