North Western Carries Huge Shipment of Candy

A special twelve-car train carrying 2,618,400 "Baby Ruth" candy bars, weighing over 400,000 pounds, one of the largest single consignments of confectionery ever shipped left Chicago for California and the North Pacific coast over the Chicago & North Western—Union Pacific—Southern Pacific railways, Friday, March 11.

If placed end to end, the confectionery would make a giant "Baby Ruth" candy bar over 165 miles long. The present shipment, an innovation in the candy business in the United States, is the fifth trainload movement of candy bars manufactured by the Curtiss Candy company of Chicago that has been made in the last several weeks, two already having been moved to Pacific coast points, one to New York City and one to Southern points.

These five solid trainloads are the first of thirty-two trainload shipments that are being moved by this firm to all parts of the United States within a period of sixty days, comprising the largest movement of confectionery in history.

The Cherry Street circle will have an all-day meeting Tuesday, March 22, at the home of Mrs. Dayton Ogden, 1337 Asbury avenue, Hubbard Woods. Mrs. Oscar Olsen and Mrs. Carl Johnson will be assisting hostesses. All members are asked to meet at 1062 Cherry street at 10 o'clock so that arrangements may be made for all to drive to Mrs. Ogden's.

Max Murdock of 1087 Oak street was one of the speakers at the annual Founder's day banquet of the Chicago Alumni club of Phi Delta Theta fraternity held March 16, at the Palmer House.
