

Lee Says:

MR. BURBANK took the SPINES out of the CACTUS and made a VALUABLE stock food— AND now science has TAKEN the unpleasant TASTE out of castor OIL and has made it a VERY palatable drink! IT'S all "dolled up" IN fruit juices until ALL trace of the ORIGINAL taste is lost IN pleasant flavor. HOWEVER, there still REMAINS in the new MIXTURE the real ESSENCE of castor oil AND nothing is changed BUT the taste, which YOU'LL have to admit, IS far from tempting, EVEN though you do TELL the children that "IT doesn't taste bad AT all." SQUIBB'S flavored oil COMES in 35c BOTTLES, and every home SHOULD be supplied.

Rev. Richards to Preside at Union Lenten Services

Rev. James A. Richards will conduct the Union Lenten service next Wednesday night April 6th at the Winnetka Congregational Church at 8:00 p. m.

This is a union service, Christ Church, the Scandinavian Evangelical and the Winnetka Congregational church co-operating.

Last Wednesday night Rev. A. E. Rohrbach gave a stirring presentation of the significance of the Garden of Gethsemane and its answer of the age long question of Redemption. "The fruit of obedience gained through suffering" was another phase brought out in a most forceful manner.

The ministers and others responsible for these services extend a cordial invitation for next Wednesday night. This is an especially appropriate time for co-operation in Christian fellowship and consecration and it is hoped that many will want to share therein.

The Pine Street circle will be entertained by Mrs. Harry Clarke, 958 Spruce street, on Friday, April 8.

Dinner Meeting Held for Staff of Blind School

(Contributed)

A dinner was given for the faculty, staff and board of trustees of the Hadley Correspondence school for the Blind Tuesday evening, March 29, at the home of Mr. and Mrs. Earnest Ballard, 811 Auburn road. During the dinner, at which thirty-four people were present, Dr. E. V. L. Brown, chairman of the board of directors, made a brief address on the importance of the work being carried on in the school, as related to the blind in general.

Immediately following Dr. Brown's talk, Mr. Hadley introduced several members of his staff. Prof. Philemon Kohlsaas told of his pupils in psychology. Prof. Kohlsaas, who is also associated with the Lewis Institute, has given his services to the work without remuneration and his friends were much interested to hear his reactions to it. Miss Larrison, the next to be introduced, told of the pupils in her short story writing course, which is said to be the most popular in the school. A letter from Prof. Steel, who gives the course in insurance salesmanship, was also read. It is interesting to note that seventeen of his pupils are now holding positions with reputable insurance concerns. Mr. Allen, secretary of the school, talked upon the publishing of various books and manuscripts which are sent out to the students and also to the libraries all over the country.

Following the dinner, Mr. Hadley spoke informally upon the work of the school and his plans for the future, dealing particularly upon the attitude of the blind, which it is pointed out, is to aid themselves and not to seek pity. At the close of the evening, Mrs. George Frazer, accompanied by Mrs. Harris on the piano, sang a group of songs. This was followed by several negro spirituals sung by Mr. Fentress.
