

## NEAR EAST PIONEER SPEAKS HERE SUNDAY

### Capt. Joel I. Connolly to Tell Congregational Church People of Relief Work Needs

Sunday, April 3, will be observed in Winnetka as Near East Relief Sunday. Following the morning sermon at the Congregational church, Capt. Joel I. Connolly will speak briefly of this work. An opportunity will be given at this time to make gifts and pledges to the Near East cause.

Captain Connolly is a pioneer in Near East relief work, being one of the first nine men to enter Turkey to engage in that welfare enterprise. The principal part of his duties was that of combating the great epidemics of disease which were ravaging the undernourished impoverished Christian refugees.

#### Built Those Hospitals

He built and equipped three hospitals; constructed water works and sewerage systems and inaugurated other means to correct the insanitary conditions he found there. He disinfected thousands of migratory refugees in the refugee camps in order to overcome the terrible scourge of typhus fever.

In addition, Captain Connolly rebuilt roads and bridges which had been blown up and destroyed during the fighting, so that it would be possible to get supplies into the interior where no railroads penetrated. While building one of these roads he discovered and excavated a tomb said to be five hundred years older than that of King Tut-ankh-Amen.

Captain Connolly is a graduate of Harvard university and holds two degrees in engineering from the Massachusetts Institute of Technology. He is well acquainted, through personal observation, with the conditions throughout Europe, having visited before, during and since the war, practically all the countries of Europe, and is therefore in a position to appraise the relative necessity for relief work in different places. He was awarded a Distinguished Service medal in recognition of his services in Syria, Palestine and Turkey.

#### Not Near East Employee

He is not an employe of the Near East Relief, nor has he any official connection with the enterprise. He is the Government officer in charge of sanitary engineering work in ten states. However, because of his intimate personal knowledge of conditions in the Near East, and his interest in the relief work, he lends his assistance when he can do so without detriment to his official duties.

## Taxes Need Not Be a Burden

You can plan for your tax expenditure of next year without unnecessary penalty to your current expenses, if you now put aside a stipulated amount each week such as you do in the Christmas Savings Club with which you are all familiar.

What were your taxes this year? Pro-rate it and you'll never miss the small deposits . . . and when taxes are due next year you'll be prepared to pay them immediately without cause to worry about other bills going unpaid.

The office of the town collector is closed. To those of you who have not paid your taxes, mail them to the County Treasurer, County Building, Chicago.

SANBORN HALE,  
New Trier Town Collector.
