#### Commodore Blackton Announces McLennan Company Will Be- gin Construction Work

Commodore J. Stuart Blackton of Chicago and Los Angeles announces that the McLennan Construction company has begun building at Vista del Lago, which owns and occupies a strip of land running 500 feet along Lake Michigan, with 353 feet fronting on Sheridan road, just south of the Kenilworth line.

"We plan to give Chicagoans and north shore residents a year-round sports-and-social-center that will compare favorably with any that may be found in California, Florida, or abroad," said Commodore Blackton upon his arrival from Los Angeles. "There has been notable development in seaside resorts during the past several years and in California and Florida the life and color at the beaches has proved a tremendous asset.

#### Rival Southland Beaches

"With a beach that in many ways pictorially surpasses those of the South, Vista del Lago will bring a new form of club life to this vicinity. In addition to club facilities, to include modern features ranging from the children's wading pool to rooms en suite for permanent club residents, there will be a year-round program of sports and arts activities. Women, of course, are to have equal privileges in Vista del Lago and the club itself will be pre-eminently for 'Every member of the Family Every Day of the Year.'"
