NORTH SHORE ELECTRIC LEAGUE

Why Organized and What It Means

TO YOU

ITS great purpose is to see that you get an electric service that is always as good as it is humanly possible to give. Electricity has become a vital necessity. To give any but the best service is to deprive you of the full enjoyment of its benefits.

The North Shore Electric League makes the electrical industry responsible to a central body. Its members are committed to a high standard of ethics in all their dealings with the public. The League will encourage and build a more complete understanding with the public.

The League is your servant. Any of its members—listed below—will gladly and without any obligation on your part advise you and help you solve all your electric problems. If it is wiring your home—a most important matter—you will be shown how to do this to serve your every electrical convenience, economically, while enabling you to light your home properly and with charming decorative effects. Whatever your electric plan or problem any member of this League will give you the benefit of his experience and knowledge.

Glencoe Man Has Role in Play at Goodman Theatre

Richard C. Steele of Greenwood avenue, Glencoe, will be seen in the role of "Ferrand" the Franco-Belgian vagabond in John Galsworthy's "Pigeon" opening at the Goodman theater, Chicago on April 11.

Richard C. Steele

It is a moving and thoughtful play about the uses and abuses of charity, generally considered to be one of Galsworthy's best plays. Its revival brings with it Whitford Kane who is directing and playing the leading role which he played in the original London production and in New York, that of "Wellwyn" the kindly artist whose generous intentions make him the prey of every vagabond. For this part he was chosen by Galsworthy himself, who later wrote Mr. Kane: "You know how tremendously good I think your playing is, and how it has quite spoiled me for the idea of anyone else in the part."

When at New Trier High school Steele was active in the Dramatic club and while at Cornell university played in Ned Wayburn's production of the Cornell Masque show, "Lady Luck." He has been studying in the Studio department of the Goodman theater since last September and this marks his first appearance with the Repertory company.
