Speed Fiends Can't Escape These Stealthy "Papooses"

The pair of "Indians" authorized by the village council at a recent meeting has been added to the motor-cycle equipment of the Winnetka police force. Chief W. M. Peterson calls them his "Little Papooses." They have the speed of a wasp and are just about as noiseless, he says, and like their namesake, the Indian, stealthily overtake the speediest of speed fiends without the usual chug-chug warning of an approaching motorcycle. Chief Peterson warns that some of the auto drivers, including numerous delivery truck chauffeurs, who apparently have thrown away their speedometers, had better "find them back again," and then heed them. In other words, the chief says that he and his motor squad and the other Indians are going after the speeders.

LEASES ROCKROHR HOME

The William A. Rockrohr residence at 1066 Tower road has been leased to Erwin H. Henroch of Chicago through E. P. Maynard and company. Mr. Rockrohr is a resident of Dolton, Ill.

President Miller Names Members of Plan Commission

Village President John S. Miller appointed a Plan Commission at the meeting of the Village council Tuesday evening of this week, as provided by an ordinance enacted several months ago for the establishment of a legally organized plan commission under the state law.

The commission personnel includes the following: Charles M. Thomson, chairman; Mrs. M. H. Lieber, B. F. Affleck, Eugene E. Rummel, John R. Leonard, and H. C. Phillips.

In addition to the members the ordinance also provides that the Village President, president of the Board of Local Improvements, a member of the Zoning Board of Appeals, and a member of the Park board shall be ex-officio members of the Plan Commission.

It is expected that the selection of a member from the Board of Appeals and the Park board will be announced at the next meeting of the village council, after which the commission will be organized to proceed with its duties.

Engagement Announced of Former Winnetka Girl

An engagement recently announced is that of Miss Dorothy Louise Macready, daughter of Mrs. Robert Ashton Macready of Florham Park, N. J. to Francis Van Wyck Mason, son of Mrs. Francis Payne Mason, formerly of Winnetka, and the late Dr. Francis Payne Mason.

During the war Mr. Mason served overseas with the Seventy-Ninth division. His grandfather, Frank H. Mason, was consul general at Paris and Berlin from 1896 until 1913.

The wedding will take place in the autumn.

Mrs. Arthur M. Barrett of 520 Cherry street is returning today from Florida, where she has been during the past three weeks. Mr. Barrett will remain in Florida another week.

Fred Says

"Thank You!"

ABOUT THREE MONTHS AGO, the man who writes my advertisements came to me and said he knew of somebody who could do a better job than he could. I was surprised, but asked, "Who is it?" And he said, "Those who eat here every day."

So we turned this space over to the boys at the Daily Round Table. They were enthusiastic about the idea, and they signed their John Hancocks to their opinions to show that they meant what they said when they told in print the reason they liked to come here.

I thank the boys for their fine expressions of approval. After we have discussed some other points in this space, perhaps we'll hear more from them at another time.

Fertiluvia Will Make Any Soil Fertile

To the poorest clay it will restore the desirable texture and life-giving qualities which bring forth velvet lawns and bountiful gardens. To light sandy soil it gives the substance and bulk which increases the retention of moisture.

No soil can be fertile unless the texture will permit circulation of air and allow absorption and retention of moisture.

FERTILUVIA combines lasting fertility with unusual conveniences because it is the highest type of humus obtainable.

It has no odor, contains no weed seeds and it cannot "burn" or over stimulate.

Licensed under the fertilizer laws of the State of Illinois.
