

YOUR FURNITURE — which no longer fits in

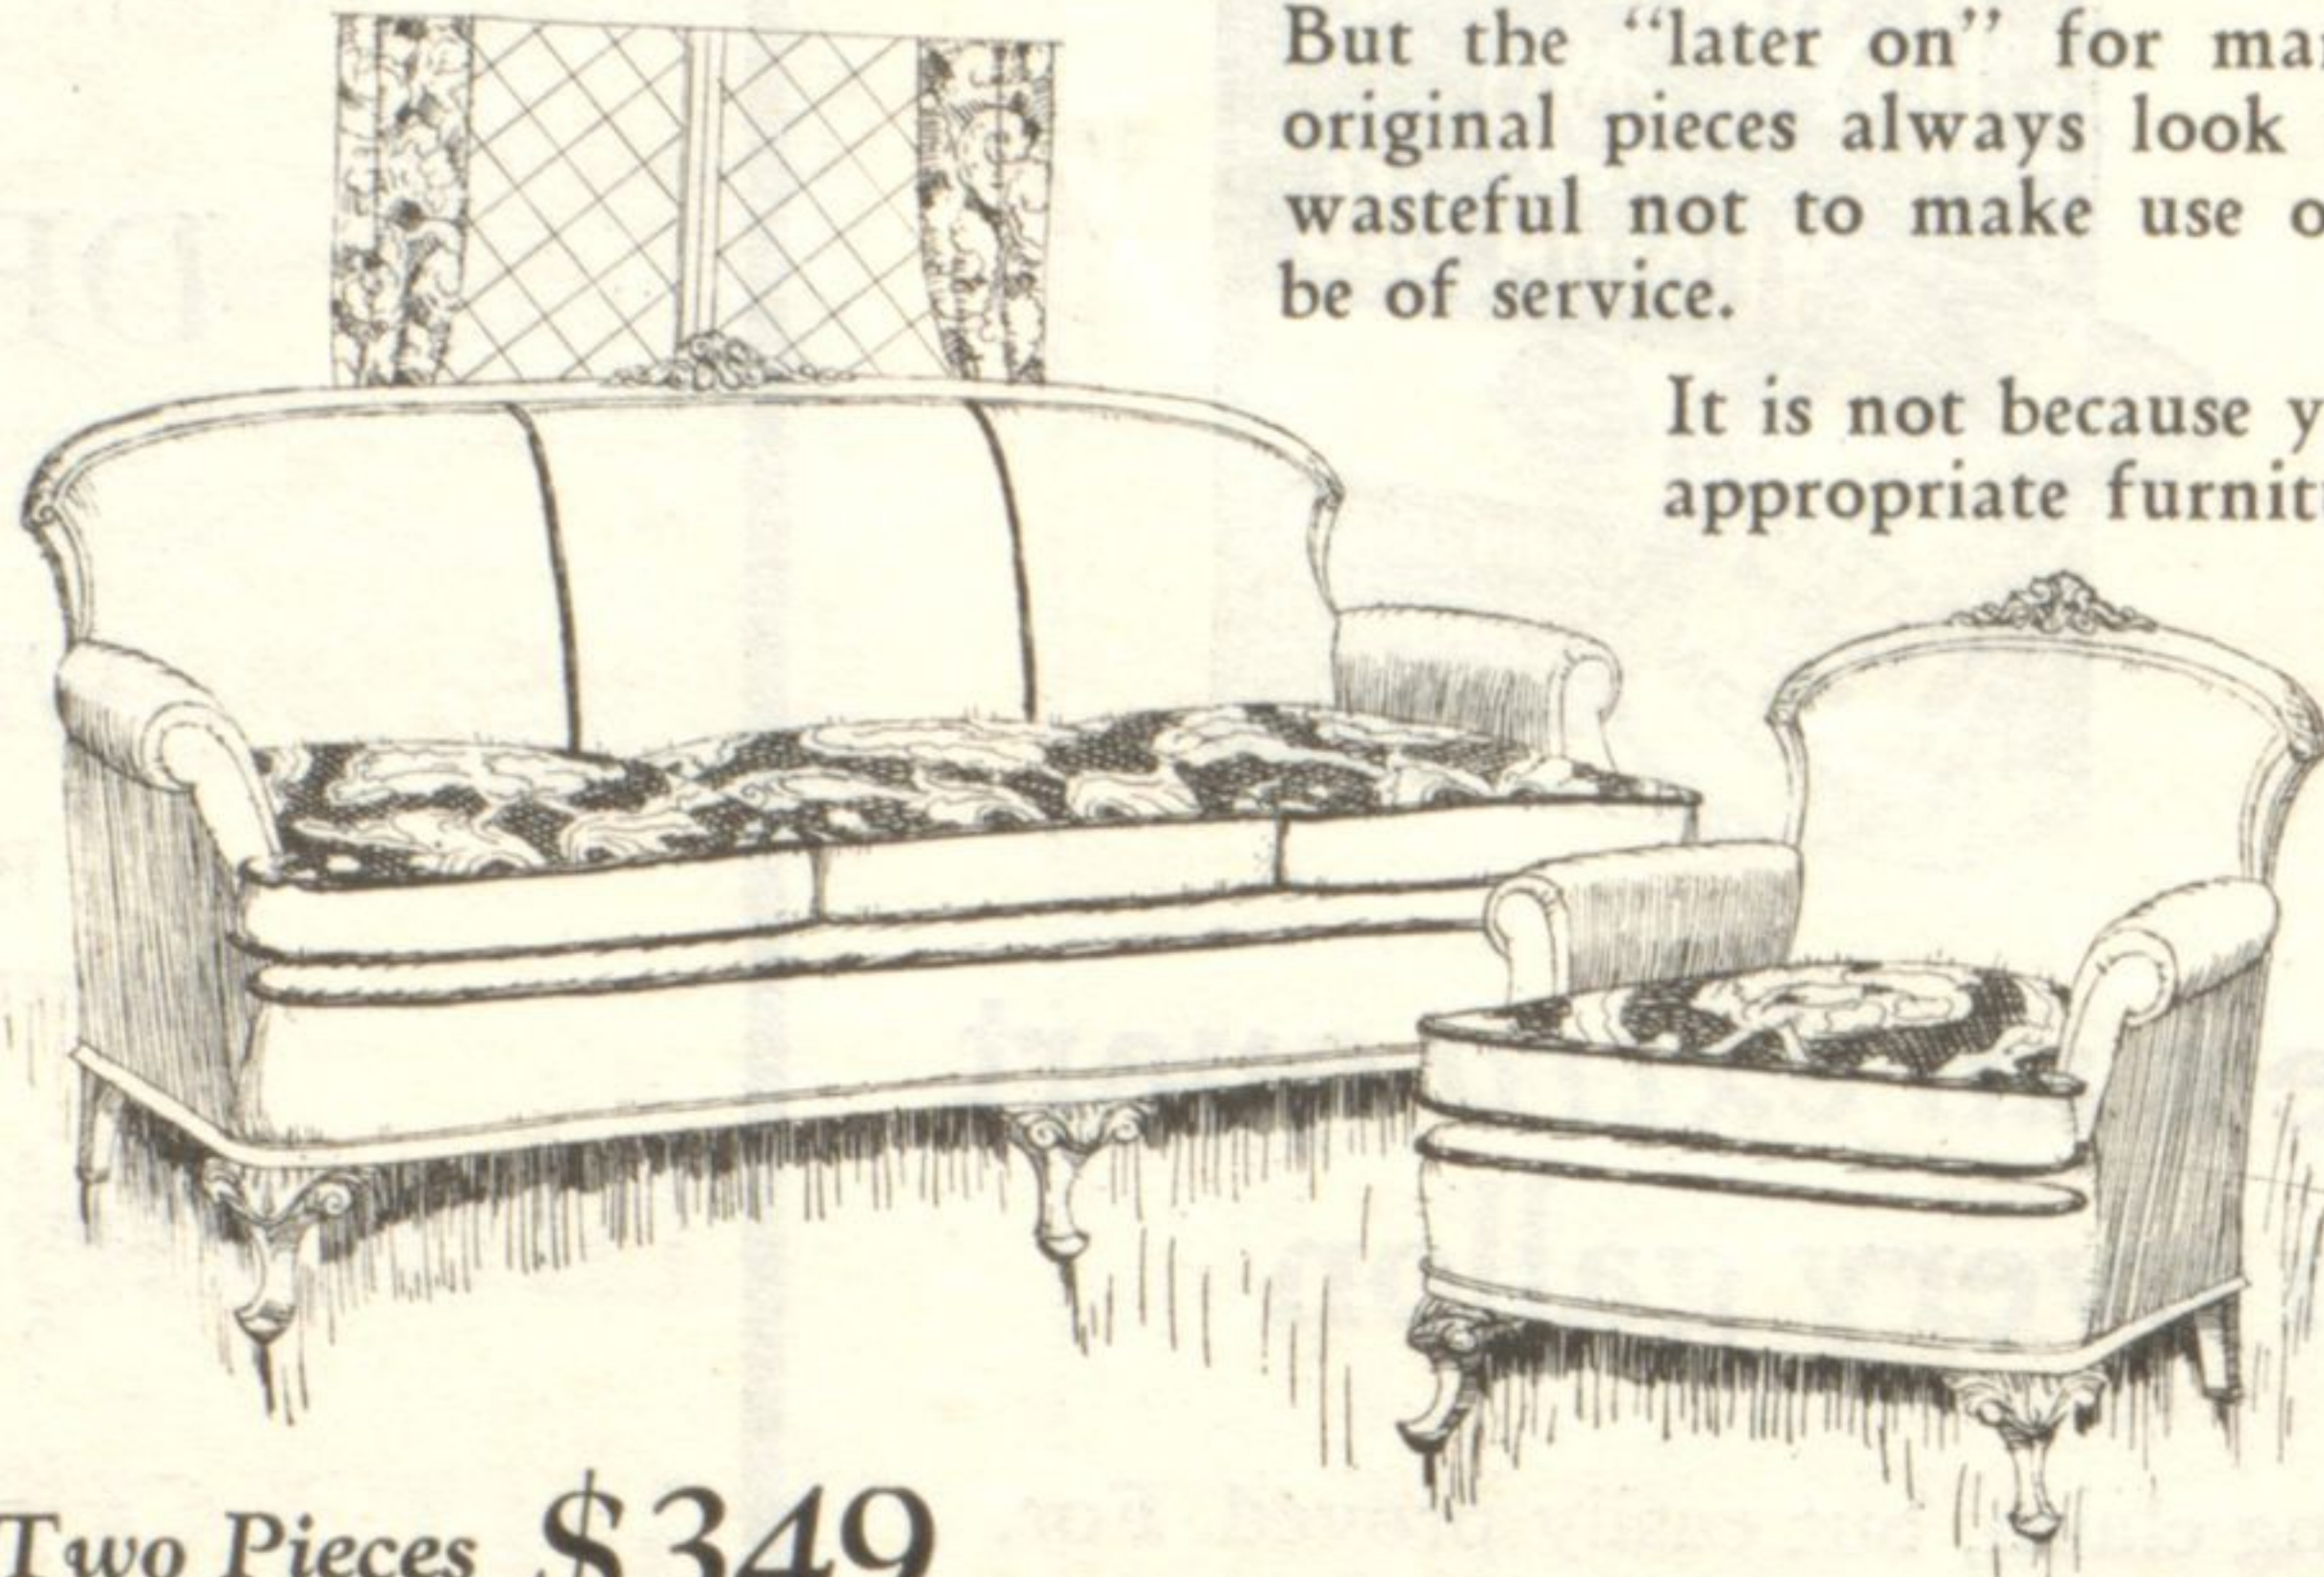

An attractive nest of tables in sets of three in Walnut or Mahogany—beautifully finished—

\$24.50

“Do you remember when you bought your first outfit of furniture—how you said to yourself—“Well, we’ll get a few cheaper pieces now and replace them later on.”

But the “later on” for many families never comes. The original pieces always look too good to throw out. It is wasteful not to make use of them when they continue to be of service.

It is not because you cannot afford new and more appropriate furniture which makes you hesitate—

it is your quality for saving. In keeping things you really do not like, you are allowing your conservative faculty to rob you of one of the greatest joys of home life.

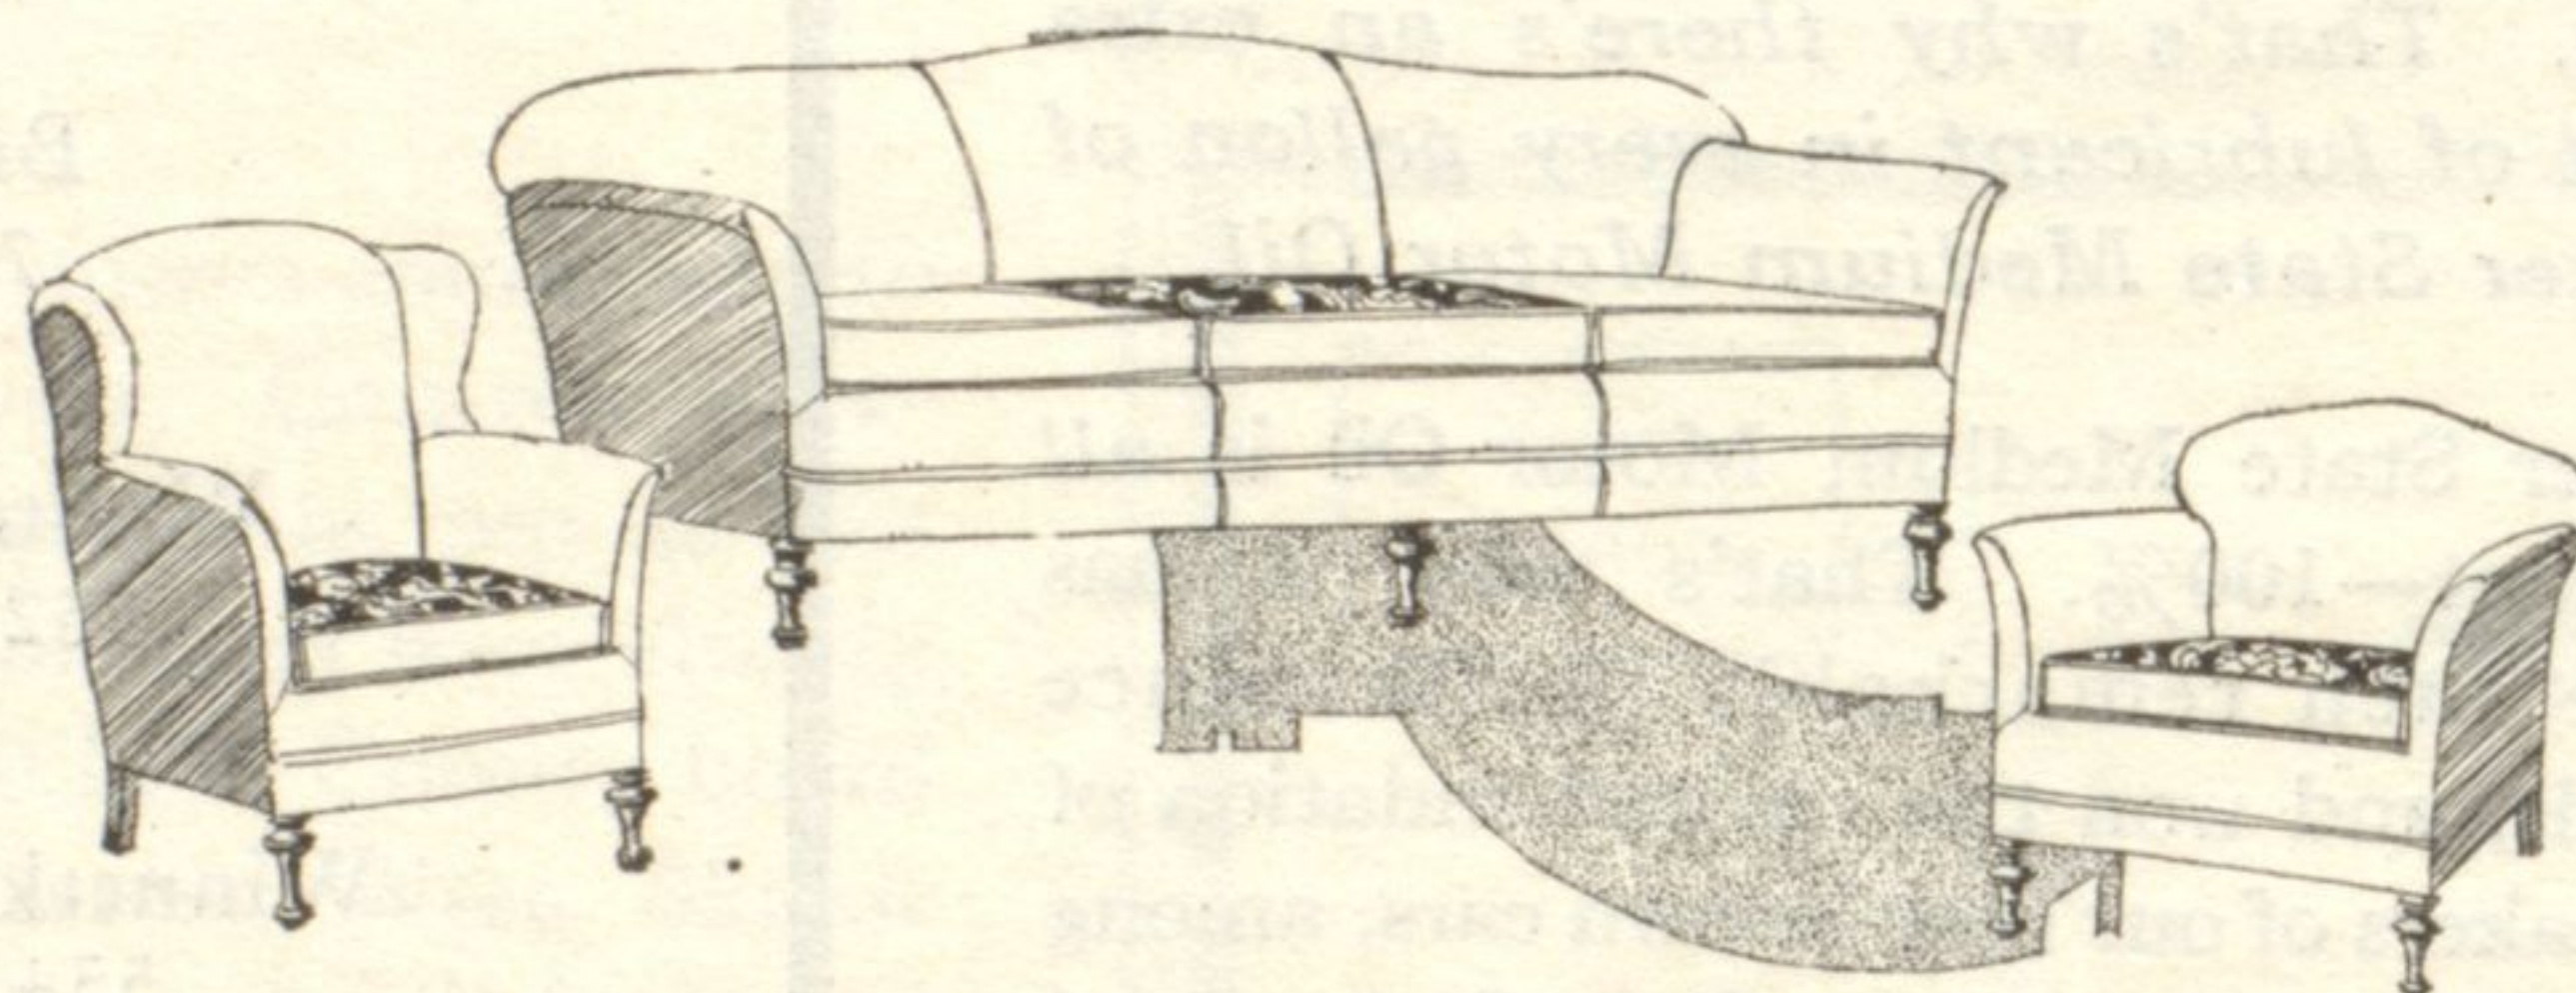

You can now actually make your old furniture valuable in dollars and cents. Come in and select the pieces you have wanted so long, then our appraiser will come to your home, and tell you what allowance we will make on your “Purchase.”
