POST OFFICE TO MOVE INTO NEW HOME MAY 2

"New Quarters and Equipment Finest Obtainable Outside of Federal Building"—Braun

On Monday, May 2, should you have occasion to go to the post office, kindly bear in mind that in place of journeying to the familiar old site on Lincoln avenue where you have been accustomed to going for the past twelve or thirteen years, it will be necessary to "go west," if you would keep up with Uncle Sam.

That is the date on which the post office will open its spacious new quarters in the M. K. Meyer block at the northwest corner of Elm and Chestnut streets. All new furniture and equipment, which is expected to arrive at any time, will have been installed before the opening date, and Postmaster J. C. Braun says the change will be made without the slightest interruption in mail service.

The new post office will have a floor space of approximately 3,100 square feet, Postmaster Braun explains, an area much larger than the present quarters in which it has become almost impossible to handle the business. The population of Winnetka has increased to such an extent during the past dozen years, that the room which was leased as a post office at that time, has become entirely inadequate.

The lease on the new quarters was made by the Post Office department with Mr. Meyers before he began the erection of his building, and the new post office quarters were built according to the most modern plans for this work.

In a word, Postmaster Braun says Winnetka's new postoffice is to be the finest thing of its kind north of Evanston. It is the best it is possible to obtain, he said, except perhaps in a government owned building, planned, built and devoted exclusively to post office work.

Winnetka Organizations and Residents Co-operate in Making Program Outstanding Event

The opening program in the sixth annual observance of music week in the Village of Winnetka, will be held at Community House Sunday afternoon, May 1, at 5 o'clock.
