Children View Health Movies; Hear Lectures

Through the activity of Miss Katharine Griffin, the nurse in charge of the Gross Point Health Center, which is affiliated with the Chicago Tuberculosis Institute, an interesting health program was carried out in Wilmette schools on Monday, April 25.

Lowell Todd, principal of the Howard school, gave the use of the spacious school auditorium for the showing of motion pictures on health subjects by Mrs. Hattie Palmer of the Chicago Tuberculosis Institute. The pictures were seen by the pupils of five different schools: Howard, St. Joseph's, District No. 40, District No. 37, and Laurel. Dr. W. A. Murray, Evanston dentist, gave a talk on dental hygiene, urging daily care of the teeth, and emphasizing the importance of eating proper foods, discouraging the eating of candy, especially between meals.

The same health films were shown at the St. Francis Xavier school, where Dr. Earle F. Bommerschein spoke on dental hygiene.
