This homey home and the remarkable grounds in connection with it make a delightful place in which to live, and a most unusual investment. There are 7 large, light rooms and 2 fireplaces. While it is old, it is substantially built, and considerable money was spent remodeling it a few years ago. The grounds are beautifully wooded, 150x160, and the house being on the west 50x160 ft. lot, there are 2 lots, each 50x160 on which one could build 2 attractive homes. There is a garage also. \$23,000 will buy the whole property or \$14,000 will buy the house and 1 lot. A substantial reduction will be made for cash. The grounds will soon be worth what the entire property can be bought for.
