

she had in abundance, but, above all, her outstanding characteristic was her wonderful faith in God. Mrs. Eddy not only discovered Christian Science but she established it in human consciousness as a practical working system which has delivered numberless men and women from every phase of evil. The sinner, the drunkard, the drug fiend, the licentious man, the sick, the consumptive, the cancer victim, and even the leper have looked up to God and called her "blessed." There may be those who would seek to rob her of her work and thus rob humanity of its salvation. Their effort, however, is doomed to failure. Day by day there is an irresistible impulse impelling countless men and women to enter the ranks of Christian Science and there find a practical religion, revealing to them the true God and His Christ. It is also impelling them to love each other, to be tender and true, to be pure and strong, to live for mankind and to let the peace of God dwell in them richly. This mighty army of men and women is marching forth to the support of Mrs. Eddy's life-work and they are marching forward "with signs following." What Mrs. Eddy really demanded of Christian Scientists is made clear in her own statement (Miscellaneous Writing, p. 206): "Beloved students, you have entered the path. Press patiently on; God is good, and good is the reward of all who diligently seek God. Your growth will be rapid, if you love good supremely, and understand and obey the Way-shower, who, going before you, has scaled the steep ascent of Christian Science, stands upon the mount of holiness, the dwelling-place of our God, and bathes in the baptismal font of eternal Love."

Mrs. James Prindiville of 151 Euclid avenue is to be the hostess at the Indian Hill Riding club tea this afternoon.

Kenilworth Board Commends Retiring Village President

A resolution of commendation and appreciation was passed by the Village Board of Kenilworth in favor of retiring president James C. Murray, at the first post-election meeting which was held recently.

A copy of the resolution, which was ordered inscribed in the permanent records of the Village and which dealt at length with the many things accomplished during President Murray's administration, and expressing the Village's appreciation of his services, was sent to the retiring president.

Mr. Murray, as the resolution stated, has spent many years in the service of the Village of Kenilworth. He has served both as a trustee and as Village President. In the performance of this work he has shown unusual energy and ability and has willingly performed all of the duties pertaining to his office at a great sacrifice of his own time. The many improvements which have come during this period have been due, to a very large extent, to his interest and untiring attention.

ANNOUNCE ENGAGEMENT

Announcement has been made by Mr. and Mrs. James McIntosh Judson of Evanston of the engagement of their daughter, Mary Jane McIntosh Judson, to Kingsley Loring Rice, son of Arthur L. Rice of Wilmette. Miss Judson was graduated from Smith college last June and Mr. Rice is a graduate of the class of 1920 of Northwestern university. He is a member of Delta Upsilon fraternity.

Tuberculosis mortality in Illinois has decreased from 79.3 per 100,000 population in 1925 to 76.3 in 1926.

A State Bank
