the Tuesday morning class (for which  
she has been the substitute teacher recently)  
of non-professionals of the Art  
institute.

### National College Head Filling Lecture Series

Edna Dean Baker, president of the  
National Kindergarten and Elementary  
college, is spending the week in  
Michigan and Ohio, filling a series of  
lecture engagements with kindergarten  
and primary teachers organizations in  
several cities.

"Creative Expression in the Kindergarten"  
was the subject of her address  
before the kindergarten-primary  
teachers of Highland Park on Monday  
afternoon; "The New Discipline"  
at the meeting of the Kindergarten  
club of Pontiac on Tuesday, and a  
similar topic, "The Scientific Way of  
Solving Behavior Problems," was discussed  
in the Kindergarten club of Flint on  
Wednesday.

This subject has also been selected  
for the lecture Miss Baker is to give  
at the Teachers' club of Cleveland,  
Ohio, on Friday afternoon, following  
an address on "Creative Expression in  
the Elementary Schools" to be given  
before the public school teachers of  
Saginaw on Thursday afternoon.

Miss Baker spent Saturday and  
Sunday in Detroit, where she met the  
large group of college alumnae living  
in and around Detroit.

Mrs. Hermon B. Butler, 715 Prospect  
street, whose daughter, Mrs. Claude  
Peck of Cleveland, has been visiting  
her, returned with Mrs. Peck to  
Cleveland yesterday for a few days'  
visit.

### Plan Huge Exhibit Boosting Interest on Out-Door Life

"In the spring a young man's fancy  
lightly turns to thoughts of love," a  
famous poet once wrote. However,  
spring means much besides thoughts  
of love to thousands of men and boys  
in the crowded cities of the Middle  
West, according to Milo E. West-  
Brooke, manager of the Out-Door Life  
exposition, May 9 to 14, at the Coli-  
seum, Chicago.

To the hundreds of thousands of  
men and boys—and women too—who  
crowd the Out-Door show each year  
spring means the call of the wild, that  
restive urge to hit into the north  
woods and mountains and get back to  
nature.

With the approach of spring this  
year extensive plans are under way to  
again bring the outdoors indoors at  
the Coliseum so that those restive  
souls who are crowded in the big  
cities of the Middle West all year  
may see what the north woods has to  
offer as the world's greatest vacation  
mart.

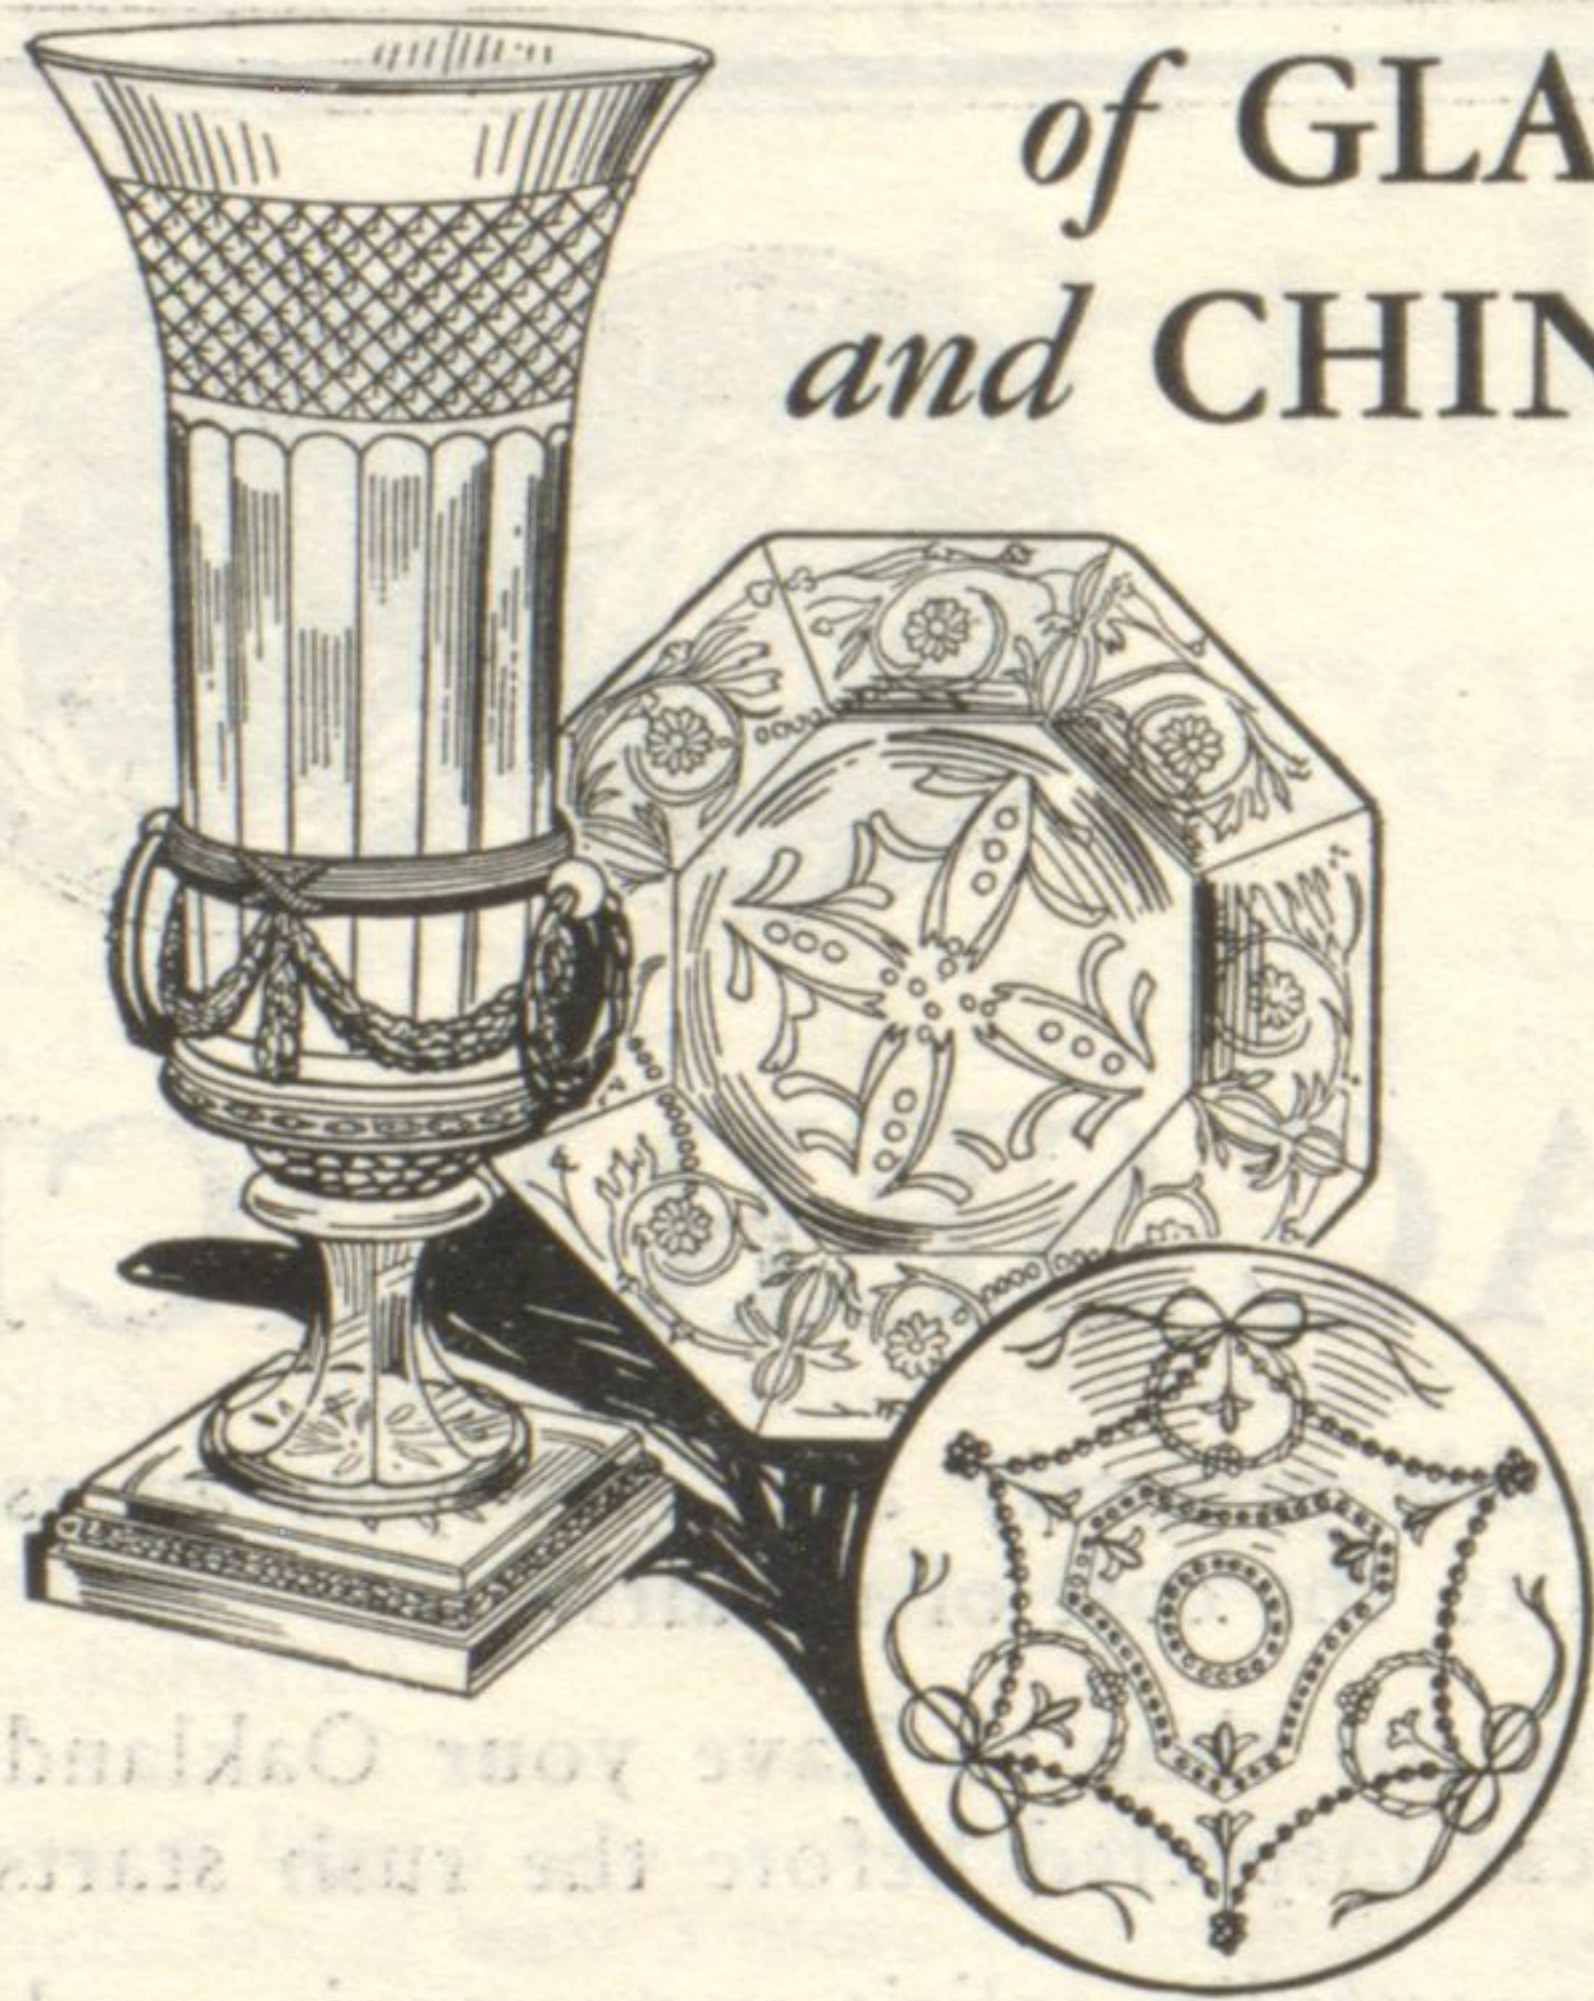

Already more than two and one-half  
acres of floor space have been reserved  
for exhibitors in the show, and the  
Middle West, and particularly the  
north woods, is being scoured for wild  
life exhibits of interest to the shut-ins  
of the big cities. Everything that the  
out-of-doors world has to offer the  
so-called cliff dwellers of the city will  
be on view at the show.
