

—PLAY TENNIS—

The *Top-Flite* illustrated here is the new Spalding racket for this season.

It combines the practical ideas given by National Champions of three countries.

From the playing standpoint it is a racket of rare excellence. The open throat construction, the smaller head and longer handle make possible a better balance with added flexibility giving additional driving power and resilience.

Frame is made of best second growth Ash, and the racket is strung with an extremely fine grade of the best split gut. Priced at \$15.00. Come into Chandler's today and see this and other fine rackets we have ready for your inspection.

A New Style of Comfort for the Teen-Age Girl

SO MUCH IMPORTANCE is placed on style these days that sometimes one may wonder whether foot comfort has become an old-fashioned idea. But old-fashioned or not, it's so extremely necessary for the growing foot to have natural freedom of development that Pool & Piper designed the Modern Miss Shoe for the girl in her teens—a shoe that has all the snap and style of Miss Twenty-two. It does not sacrifice comfort for style, or style for comfort—it has both in abundance!
