

More Honors Come to Wilmette Honor Student at U. of I.

Miss Jean L. Drayer of 1034 Elmwood avenue, Wilmette, who is now completing her senior year at the University of Illinois, was named in an announcement last Saturday as one of the students to have her name engraved on the Bronze Honor Tablet which is annually put up as a record of those who stand in the upper three percent of their classes during their junior and senior years. The honor was attained by only twenty-four seniors this year.

The tablet will be placed in the hall of the University Administration building with those of the previous years.

Miss Drayer will also be one of the honor students to attend the Honors Day Convocation of those of high scholarship which will be held Friday, May 20. President David Kinley will address the group and the one hundred members of the university senate will also be present at the ceremony.

Mrs. A. Bremner Peck of 1102 Cherry street and her two little daughters left Wednesday, May 18, for California, to be the guest of Mrs. Peck's mother in Hollywood. They expect to remain a month.

Kenilworth Youth Hurt When Struck by Machine

John Montonaro, residing with his parents, Mr. and Mrs. Arthur Montonaro, at 526 Linden avenue, Kenilworth, was painfully injured when struck by a car driven by Miss Marian Page, 901 Ashland avenue, Wilmette, at the intersection of Warwick road and Melrose avenue in Kenilworth last Monday.

Young Montonaro, it was reported to the Kenilworth police, was riding on a bicycle on Melrose avenue and was struck by the Page car as it was being driven north on Warwick road. He was placed in a car and taken to the Evanston hospital where he was attended by Dr. Frederick Christopher of Winnetka. The injuries, it was found, were apparently confined to two severe scalp wounds and painful abrasions about the knees. It was necessary, however, to take several stitches in the wounds, after which the boy was returned to his home where, it is said, he is recovering rapidly.

Mr. and Mrs. Roger K. Ballard and Mr. and Mrs. George T. Leach are among the Winnetka people who attended the fifty-ninth annual spring meeting of the Investment Banks association of America at White Sulphur Springs, and returned this weekend.

Evanston Coast Guard Crew Aids Rescue Work on Mississippi

The Evanston Coast Guard motor launch is still picking up refugees from levees and distributing supplies for the Red Cross on the lower Mississippi according to the men who went with the boat from the local station.

Captain Otto Fricke said he had received a letter from the men just a few days ago telling of their work. The men who took the boat down the Mississippi at the command of the government to aid in relief work are Leon Alfrod, No. 1 man on the boat crew, and surfman J. Myers. The men left April 23 and will probably be back the latter part of this month, according to Captain Fricke.
