

Today's greatest value in the six field

In this new creation of Hupmobile, the Six Brougham, is close-coupled beauty—the verve and dash of a four-passenger coupe—with ample provision for five adult passengers.

Special interior features include remote control door handles; upholstery of genuine mohair; attractively patterned hardware and a new instrument panel, with all dials grouped under glass and indirectly lighted.

Not alone in beauty and equipment, but in sound construction, Hupmobile Six creates a new conception of value at a list price of \$1385.

Providing all that the six-cylinder principle offers at a price several hundred dollars less than you would expect to pay, Hupmobile Six is called *the closest-priced six in America*. You will soon know why when you get behind the wheel of this stylish Brougham.

Sedan, five-passenger, four-door, \$1385. Brougham, (illustrated) five-passenger, two-door, \$1385. Coupe, two-passenger, with rumble seat, \$1385. Roadster, with rumble seat, \$1385. Touring, five-passenger, \$1325. All prices f. o. b. Detroit, plus revenue tax.

Local Man Writes Book on Situation in China

Paul Hutchinson, associate editor of "The Christian Century," and a resident of Winnetka for the past four years, is author of a book which sets forth the real facts of the situation in China. Written at the request of a group of publishers, this work attempts to make conditions in China intelligible to the average reader. In an interesting way, it tells the big moments in Chinese history of the past few years. Mr. Hutchinson knows his subject well, having lived in China for five years, as head of publications for the Methodist church, just before coming to Winnetka. The book is expected to be ready for the public in about a month.

A Few Things to Think About

W. W. Geary, sales-manager in the wholesale department of Carson Pirie, Scott and company, who spoke at a recent annual dinner of the Winnetka Chamber of Commerce, on "Co-operation Among Retail Merchants," closed his address by reading the following "Things to Think About":

"Longfellow could take a worthless piece of paper, write a poem on it and make it worth \$65,000. THAT IS GENIUS."

"There are men who could write a few words on a piece of paper and make it worth a million dollars. THAT IS CAPITAL."

"A merchant can take \$5.00 worth of steel and make it into watch springs that will sell for \$1,000. THAT IS SKILL."

"Rembrandt could take a fifty cent piece of canvas, paint a picture on it and make it worth \$1,000. THAT IS ART."

"A merchant can take a piece of merchandise that cost 75 cents and sell it for one dollar. THAT IS BUSINESS."

"Your secretary can write a check for \$10,000 but it wouldn't be worth a cent to anyone. THAT IS TOUGH."

"I know a man who is so absent-minded that he often thinks he left his watch at home and then takes it out to see if he has time to go home after it. THAT IS AWFUL."

"There are men who belong to your Chamber of Commerce who pay their dues and get their names on the roster, but never come. THAT IS PLAIN DARN FOOLISHNESS."

"There are other men who will not join the association to help the cause along and incidentally help themselves. THAT IS SELFISHNESS."

"There are a few men, and thank goodness, only a few, who think they can run a business without the help of anyone. THAT IS PLAIN IGNORANCE."

"But thank goodness there are some live ones who get together for the advancement of business and town ideals. THAT IS CO-OPERATION."

"If all business don't get together to combat adverse measures against them, there won't be any business. THAT IS ALL."
