Wilmette Youth Highest in Scholarship Ranking

Fred George Harbaugh, son of Mr. and Mrs. George Harbaugh, 1219 Forest avenue, Wilmette, a graduate of New Trier High school, has the distinction of having attained the highest scholarship rank in the course in animal husbandry and veterinary medicine during the entire four years of college work at Iowa State college.

Other awards achieved by Harbaugh include the honor of being among the highest three per cent in scholarship during the past school year, election to Phi Kappa Phi, honorary scholarship society, and election to Gamma Sigma Delta, honor society in agriculture.

Rathbone Favors Abolishment of "Short Session"

Henry R. Rathbone, Congressman-at-Large for Illinois, has declared strongly for the adoption of the amendment to the Constitution of the United States which would do away with the short session of Congress.

"The present calamity in the lower Mississippi Valley shows most clearly the vital importance of adopting the so-called Norris Amendment to the Constitution," said Congressman Rathbone. "This would abolish 'lame ducks' and a new Congress would begin its session in two months, instead of thirteen months, as at present, after its election. Instead of a 'long session' alternating with a 'short session' there would then be every year a session of Congress of sufficient length to permit of important and pressing legislation being enacted.

"I introduced such a resolution when I was first elected and have been urging its adoption ever since. This resolution has twice passed the Senate of the United States, the last time with only two votes against it, but it has been held up in the House of Representatives because there 'the powers that be' seem to be in favor of 'lame duck' sessions."

BAHAI ACTIVITIES

Investigators are invited, it is explained, to attend the study class held every Wednesday evening in the home of C. P. Christensen, 1138 Oakwood avenue, Wilmette.
