**Boy Scout Troop No. 3  
Reorganized by Leader**

At the May 12 meeting of Troop 3 of the Winnetka Boy Scouts, Scoutmaster Goetz, who plans to make this the crack troop of the north shore, reorganized the entire group. The patrols were arranged in order of rank. The first class and merit badge Scouts in the first patrol, the second class Scouts in the second patrol, and so on down to the candidates. The following new officers were elected: Bob Fox, scribe; Ben Phillips, sergeant-at-arms; Henry Zinner, reporter, and Charles Patterson, librarian.

Thursday at 7:45—Senior Walther league  
Friday at 7:45—Junior Walther league

**Health Officer to  
Supervise Village  
Well Baby Clinic**

Tentative plans are underway for holding a well baby clinic at the Health department at the Village hall, beginning in the very near future, and for which definite plans will soon be announced, it is said.

The Clinic is to be under the supervision of the Department of Health of the Village. Its purpose is to provide an opportunity for checking up at regular intervals of one or two weeks, to ascertain if the children brought in are in normal health and making satisfactory gain in growth and development.

Diseased conditions of any kind are not to be considered in these clinics, Dr. H. A. Orvis explained. Should any cases of this kind be brought in they will be turned over to the family physician for treatment, he said.

Mrs. Walter Benson, a member of the village Board of Trustees and Chairman of the Health Commission of the Board, is particularly interested in this work and is developing the clinic plans. In some villages this is made a philanthropic work, but in Winnetka it will be carried on under the Department of Health and supported by the village.

**Bowman  
DAIRY COMPANY  
Milk!**

Growing youngsters need quick energy to offset the fatigue of romping, rollicking play. The best and most natural way is to give them milk—Bowman's Milk—at least a quart a day.

Bowman's Milk is full-cream milk, rich in the precious vitamins that build firm muscle and strong bones. *And rich in energy to resist disease.*

Use Bowman's Milk in cooking and baking. It assures you uniform richness, freshness and fine flavor every day of the year.

**An Ideal**

To lighten the burden of those who have bidden their dear ones farewell for the last time, with a service of dignity and beautiful simplicity;

To carry out in flawless detail the many items which make for a perfect service by virtue of sympathetic supervision;

To do this at a moderate cost, either in our beautiful chapel or at a home service, a factor which aids considerably to lighten the cares in the hours of sorrow;

Such is the ideal behind Lewis Service.
