ENTERTAINS AT LUNCHEON

Mrs. F. W. Loco of 1040 Cherry street entertained at luncheon Friday in honor of her sister, Mrs. A. W. Steele of Salt Lake City, who is visiting her. There were about eight guests present at the luncheon, which was held at the Georgian hotel in Evanston.

RECOVERING FROM ILLNESS

Miss Virginia Loco, daughter of Mr. and Mrs. F. W. Loco, of 1040 Cherry street, is recovering slowly at her home, after an illness of two months. She will not be able to return to Skokie school until fall.

DINNER FOR CHURCH USHERS

On Thursday of next week ushers of the Winnetka Congregational church, will be the guests of William H. Lyon, head usher, at a dinner at Indian Hill Golf club.

Mrs. Hathaway Watson of 900 Sunset road, accompanied by her three children, Marguerite, Walter, and Hathaway, Jr., will leave Winnetka Friday, June 10, for an extended tour of Europe. They are planning a delightful motor tour of England, Scotland, and Wales, as part of their trip.

Board Defers Action on Hubbard Woods School

The Winnetka zoning board of appeals, following a public hearing Tuesday evening in regard to the location of the contemplated four-room addition to the Hubbard Woods school, deferred action until members of the zoning board who are not familiar with the condition, may visit the school and look over the grounds.

The hearing was held at the council chamber of the village hall where there was a large attendance of citizens from that section of the village. The board of education was represented by Edward S. Ballard and Superintendent Carlton W. Washburn.

The present zoning ordinance does not permit the new building to be nearer than 30 feet to the sidewalk. The school board plans, in order to conserve as much playground space as possible, the erection of the four-room addition in a manner in which there would be only five to ten feet between the building and the sidewalk. Opposition has been manifested.

Plenty of Mumps in May According to Dr. Orvis

There were 51 cases of mumps in Winnetka during May, according to the monthly report of Dr. H. A. Orvis, health officer. There were only 23 cases under quarantine at the close of the month, according to the report.

There was only one case of measles under quarantine, although there had been 18 during the month.

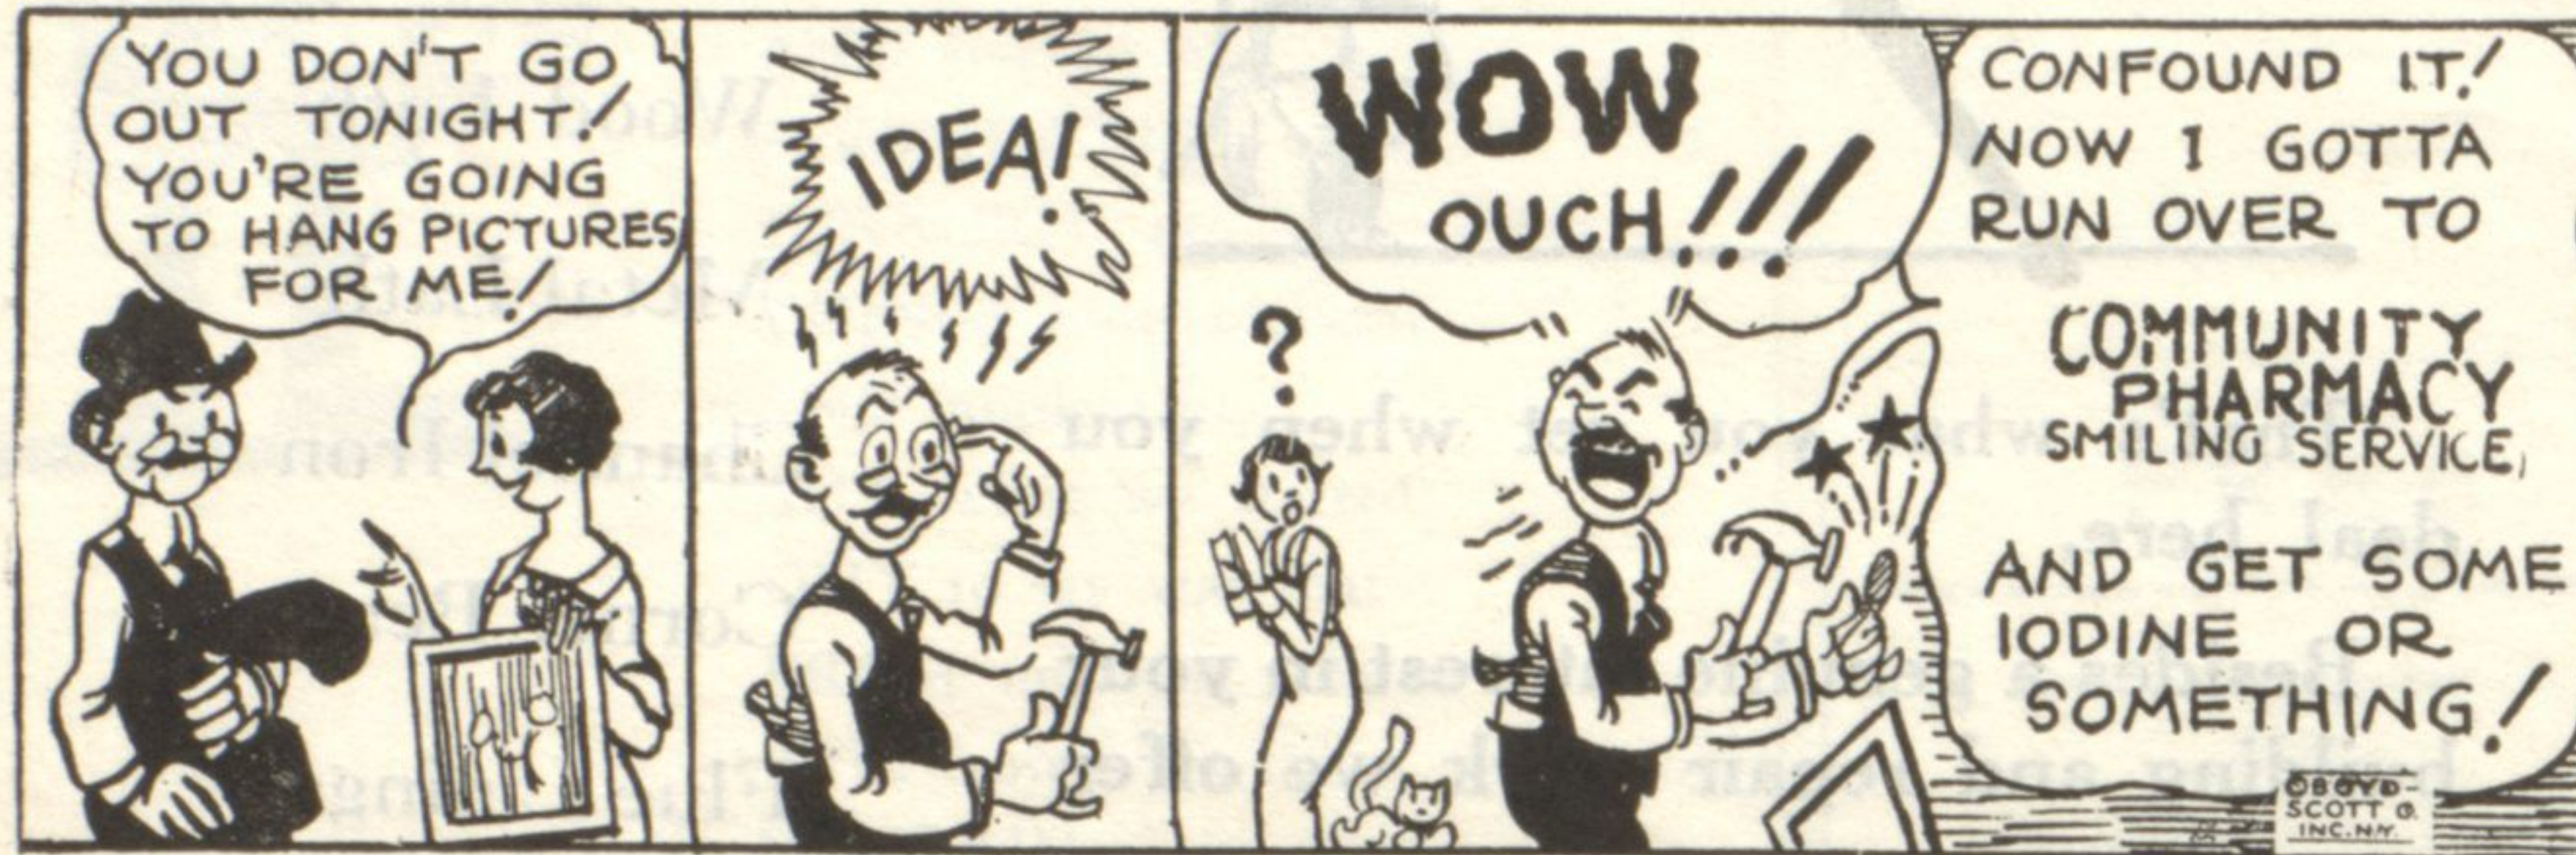

Dr. Orvis' report showed there had been sixteen cases of whooping cough in May, but there are only 12 now.

There was only one case of scarlet fever during the month.

The total cases of communicable diseases was 88, but there were only 37 under quarantine at the close of May.
