

Library Bond Issue Referendum June 11th

Fellow residents of Winnetka, on June 11th you will be given an opportunity to give much needed relief to one of our important free village institutions. On that date the Village Council has decreed that a bond issue for \$75,000 providing for increased library facilities will be voted upon.

The present library located at Linden and Oak Streets was built in 1910 as a free gift to the village in memory of Henry D. and Jessie Bross Lloyd. Up to the present time the citizens of Winnetka have never been called upon in any way to directly contribute to the library. Since its erection, the population of the village has increased approximately three-fold while the number of card holders and the library circulation has increased five-fold. It is obvious that a library built to serve a population one-third as large as the present population cannot continue to

function efficiently. Work among the children, the schools, and the citizens in general is seriously handicapped.

By voting in favor of the bond issue of \$75,000 to build an addition to the library you will be increasing your average tax expense only \$2 per family. Surely not a large expense to consider in view of the important service being rendered the community by the library. You are now given an opportunity to again prove that community projects always receive full and proper support in Winnetka.

Do not fail to cast your ballot in favor of this bond issue on Saturday, June 11th. Vote at the regular polling place in your district—but be sure that you vote.

Trustees of the Winnetka Free Public Library
