

Dear Madam:

Your visits to our store are appreciated; but during this hot and sultry weather there is no need for you to suffer the discomforts of "Food Searching" when we can serve you just as faithfully and just as completely over the phone.

Then too, we can serve you just as economically, because where the telephone and delivery business is as large as ours is, we can put the orders (taken over the phone) into your kitchen as cheaply as we can hand them to you over the counter.

Under the circumstances it pays you to keep in mind the importance of our slogan "Phone for Food." It saves you time and energy and enables us to offer you special things such as the following, which we can suggest to all the folks who come to our store.

- Richelieu Gingerale, per quart, 25c, **\$2.69**
per dozen
- Richelieu Tid Bit Pickles, **45c**
per bottle
- Richelieu Chinook Salmon, **55c**
per can
- Richelieu Tea, **65c**
for iced tea, 1/2 pound can

Try them and you will want them throughout the summer,

Yours for Service

ROBERTS Multiple Sprinkler

How often have you wished for a Multiple Spray Lawn Sprinkler—one which would water a large area, and which would also be portable so that you could move it readily? Well, here it is, and you will find it extremely economical to install and to operate.

The ROBERTS Multiple Sprinklers provide a fine mist, which gathers on the bushes, flowers and lawns like dew. Won't drown out grass—no need to watch it. Does the whole lawn at once. Can be arranged in artistic groups and are an advantage for garden and terrace work.

Give the same results as expensive underground installations at only a fraction of the cost.
