

LEE Says:

THERE'S another dandy CLASS of high school GRADUATES here at New Trier THAT are about to LAUNCH out on the sea OF life, gosh, how WE envy them! SOME will become TEACHERS and some PREACHERS, and maybe ONE or two may get INTO the drug business SOME day, but no matter WHAT line of endeavor THEY take up, every one OF them is sure to NEED a good fountain pen— THAT'S just as certain AS to say that the sun WILL rise in the east TOMORROW morning—so WHEN you think of GRADUATION gifts, just THINK of fountain pens— WE'VE got pens here that WILL help any boy or GIRL to achieve SUCCESS in life, besides MAKING him or her MIGHTY happy at COMMENCEMENT time.

ROBERTS
Multiple Sprinkler

How often have you wished for a Multiple Spray Lawn Sprinkler—one which would water a large area, and which would also be portable so that you could move it readily? Well, here it is, and you will find it extremely economical to install and to operate.

The ROBERTS Multiple Sprinklers provide a fine mist, which gathers on the bushes, flowers and lawns like dew. Won't drown out grass—no need to watch it. Does the whole lawn at once. Can be arranged in artistic groups and are an advantage for garden and terrace work.

Give the same results as expensive underground installations at only a fraction of the cost.
