North Shore Naval Men to Go on Lake Cruise

North shore young men are numbered among twenty-two Northwestern university naval cadets, members of the new R. O. T. C. naval unit recently established at that university, who have been officially named to participate in two cruises, one on Lake Michigan and the other on the ocean, on United States ships. In an official bulletin issued by Commander S. B. McKinney, head of the N. U. unit, the personnel of the two contingents has been disclosed.

North shore men selected for a fresh water cruise on Lake Michigan, to leave Chicago July 9, are A. L. Elson and A. V. McKeighan of Wilmette, and K. S. Ramsey of Glencoe.

The Wilmette, the ship to be employed, is a converted cruiser and will steam from Chicago direct to Mackinac Island; thence to Black Lake, next to Muskegon, and then will close the visiting part of the trip at Milwaukee. Chicago will see the tars disembark just 15 days after leaving. In command of the S. S. Wilmette for the fresh water experimental journey will be Lt. Comm. E. M. Woodson of the Northwestern university naval unit.

A meeting of the North Shore Real Estate board will be held at the Lake Shore Terrace next Monday evening, June 20. The question of whether or not July and August meetings should be held, will be discussed. It is expected also that the proposed new members for the organization will be voted upon.

Mr. and Mrs. Carl Hanson of 985 Elm street returned to Winnetka the early part of the week from Merrill, Wis. Mrs. Hanson had passed two weeks with her parents, Mr. and Mrs. Chris Nelson.

Winnetka Drops Fifth Straight Diamond Contest

My new Ford car for a winning ball team, was the wailing cry of Manager Earl Flynn as he saw his Winnetka diamond athletes go down to their fifth defeat in a row last Sunday. The fielding of the locals last Sunday was haphazard, and the listless spirit in which some performed, proved that changes were necessary in the line-up. "The team of this year does not show the flashiness and dash of last year's winning combination," said Flynn, "and, in order to give the fans this kind of play I have obtained two new infielders of worthy caliber, which ought to speed the infield up considerably."

The game with Glencoe, of last Sunday was another one of those slug-fests. The pastime was marred by many errors and much indifferent playing. Coach Ashenback, of New Trier High school pitched good ball in the early innings, but Steve Ryan, president of the American Association of Umpires, who did the officiating, refused to "call the corners" and consequently many walks were issued which really should not have been.

George Hesler, twirler of note in the faster circles of baseball, held the locals at bay until the seventh at which time they managed to push five harmless runs across the plate. Previous to the seventh, Hesler allowed but one tally, that coming in the third, when Ashenback walked, went to second on Brown's sacrifice, and rode home on Carey's double to left.

The five runs in the seventh counted when Luchessi and Ashenback singled. Brown walked and Carey got his second double, Runnfeldt then tripled and scored on Miller's sacrifice fly.

In the eighth Paulson started to twirl for Glencoe, and allowed four more runs, which were useless in view of the fact that Glencoe had already piled up fourteen against the locals.

Next Sunday the Collins A. C. team from North Chicago will make their first appearance on the local diamond. With the two new infielders, along with some much-needed pep, the locals are out for their first victory in five starts. Game time is 3 o'clock.

VACATION

Steffens' Little Plumber

ALL we've got to say in this little essay on plumbing is that the sort of plumbing we do makes a sanitary home possible and causes ill health to vamoose from the premises. And we would like to impress you with the fact that we understand the plumbing business well enough to be able to render you a moderate sized bill.
