

STATE BANK AND TRUST COMPANY

offers you complete banking and trust facilities

SAVINGS

WHERE formerly there were one or two motives for saving, today there are dozens. To meet the ever widening motives requires not only enlarged and modernized facilities, but facilities that are flexible to enlargement. There are Christmas savings, school savings, savings for vacations, taxes, insurance payments, a home, investments, emergencies.

You will find, in the Savings Department, equipment whose value is emphasized by a personnel that strives to give the greatest possible efficiency and convenience, so that your savings effort may be most productive.

CHECKING

During the opening do not fail to see the arrangements that have been provided for your convenience in the Checking Department. Appreciating how valuable your time is, you will find far more than the usual equipment and personnel, so that the discomfort and delay of waiting in line to make deposits or withdrawals will be eliminated.

We will be glad to explain how easy it is to handle this phase of your business entirely by mail, so that no time is lost by you when it may be inconvenient to personally make your deposits.

INVESTMENTS

Investment service has been cared for in a manner comparable to those of metropolitan institutions.

The Investment Department is operated by men thoroughly competent to advise with you regarding the merit of any security and to suggest offerings whose characteristics fit your particular needs.

REAL ESTATE LOANS

The Real Estate Loan Department of this bank was started many years ago. We have assisted hundreds of home-owners with their building projects. The experience of this department is at the service of any sound building project in this community.

There has been no loss of principal or interest on mortgage notes or mortgage bonds sold to investors in the history of this institution. This record emphasizes the security you would expect in purchasing from our offerings.
