Fireworks Exhibition to Be the Greatest Ever on North Shore

Fireworks to surpass any ever shown on the north shore will climax the events of the Fourth of July celebration. Beginning at 7:45 in the evening a daylight show and fireworks display will draw a large holiday crowd to Dyche stadium. Forty thousand are expected to attend. The American Legion, the Bureau of Recreation and the North End have all cooperated to give the largest display ever held on the north shore.

A demonstration by the American Legion Drum and Bugle corps will be a feature of the daylight show which will precede the fireworks display. The Boy Scouts also will have a drill, and the Bureau of Recreation will have several features. Professional clowns have been engaged to entertain the crowd. The Daily News Band will furnish the music.

Twice as much money as was ever before spent on a fireworks display here guarantees a number of features and inventions not exhibited before. Some of the largest of the hundred features on the evening program will be the following: Gold Star mothers' scene, Old Ironsides, Lindbergh flying from the Statue of Liberty to the Eiffel tower, Red Cross, Northwestern pennant, picture of Wildcats, Niagara Falls, and an American Legion emblem.

All seats for the entertainment will be reserved, the early buyers receiving preference. The tickets, which are on sale for 50 cents now, may be obtained from all banks, drug stores, Chandler's and stores on Central street. The price will be raised to 75 cents on July 3 and 4. People are urged to buy their tickets early because the

money will be used for the entire day's celebration.

The American Legion will care for the ushering at the stadium and provisions have been made for traffic control. The whole affair will be handled by the same organization as is used in the football games so that the huge crowd will be kept orderly and there will be little confusion.

The evening's elaborate celebration is expected to contribute greatly to the whole day's events and make it a strong competitor for the Daily News flag, offered to the city giving the best July Fourth celebration.

A cordial welcome is extended to all.

"They tell us that prayer is a pious exercise which has no influence except upon the mind engaged in it. We know better. One experience gives the lie a thousand times over to this infidel assertion. Let us call upon Him again, and admit no doubt upon the question of His hearing and answering no. He that made the ear, shall He not hear? He that gave parents a love to their children, will He not listen to the cries of His own sons and daughters?"

The Charles Boyles have just sold their nine-room house at 625 Oak street and will now make their home in Santa Monica, Cal. C. Zepp of Chicago was the purchaser.
