The average temperature of Illinois is 52 degrees.

North Shore Line Opens Recreation Bureau Services

A new and unique service for its patrons and the public in general has been installed by the Chicago, North Shore and Milwaukee railroad in co-operation with other public utility companies serving this territory, with organization of what is known as the Outing and Recreation bureau.

The purpose of the Outing and Recreation bureau is to furnish free of cost detailed information on all communities, summer resorts and vacation spots served by the North Shore line, other high-speed electrically-operated railroads and motor coach lines in and within a radius of 100 mile of Chicago. It will also advise anyone the quickest and most convenient manner of reaching any point in this area, what outing and recreation facilities may be found there and how to make a visit of any length at the lowest possible cost.

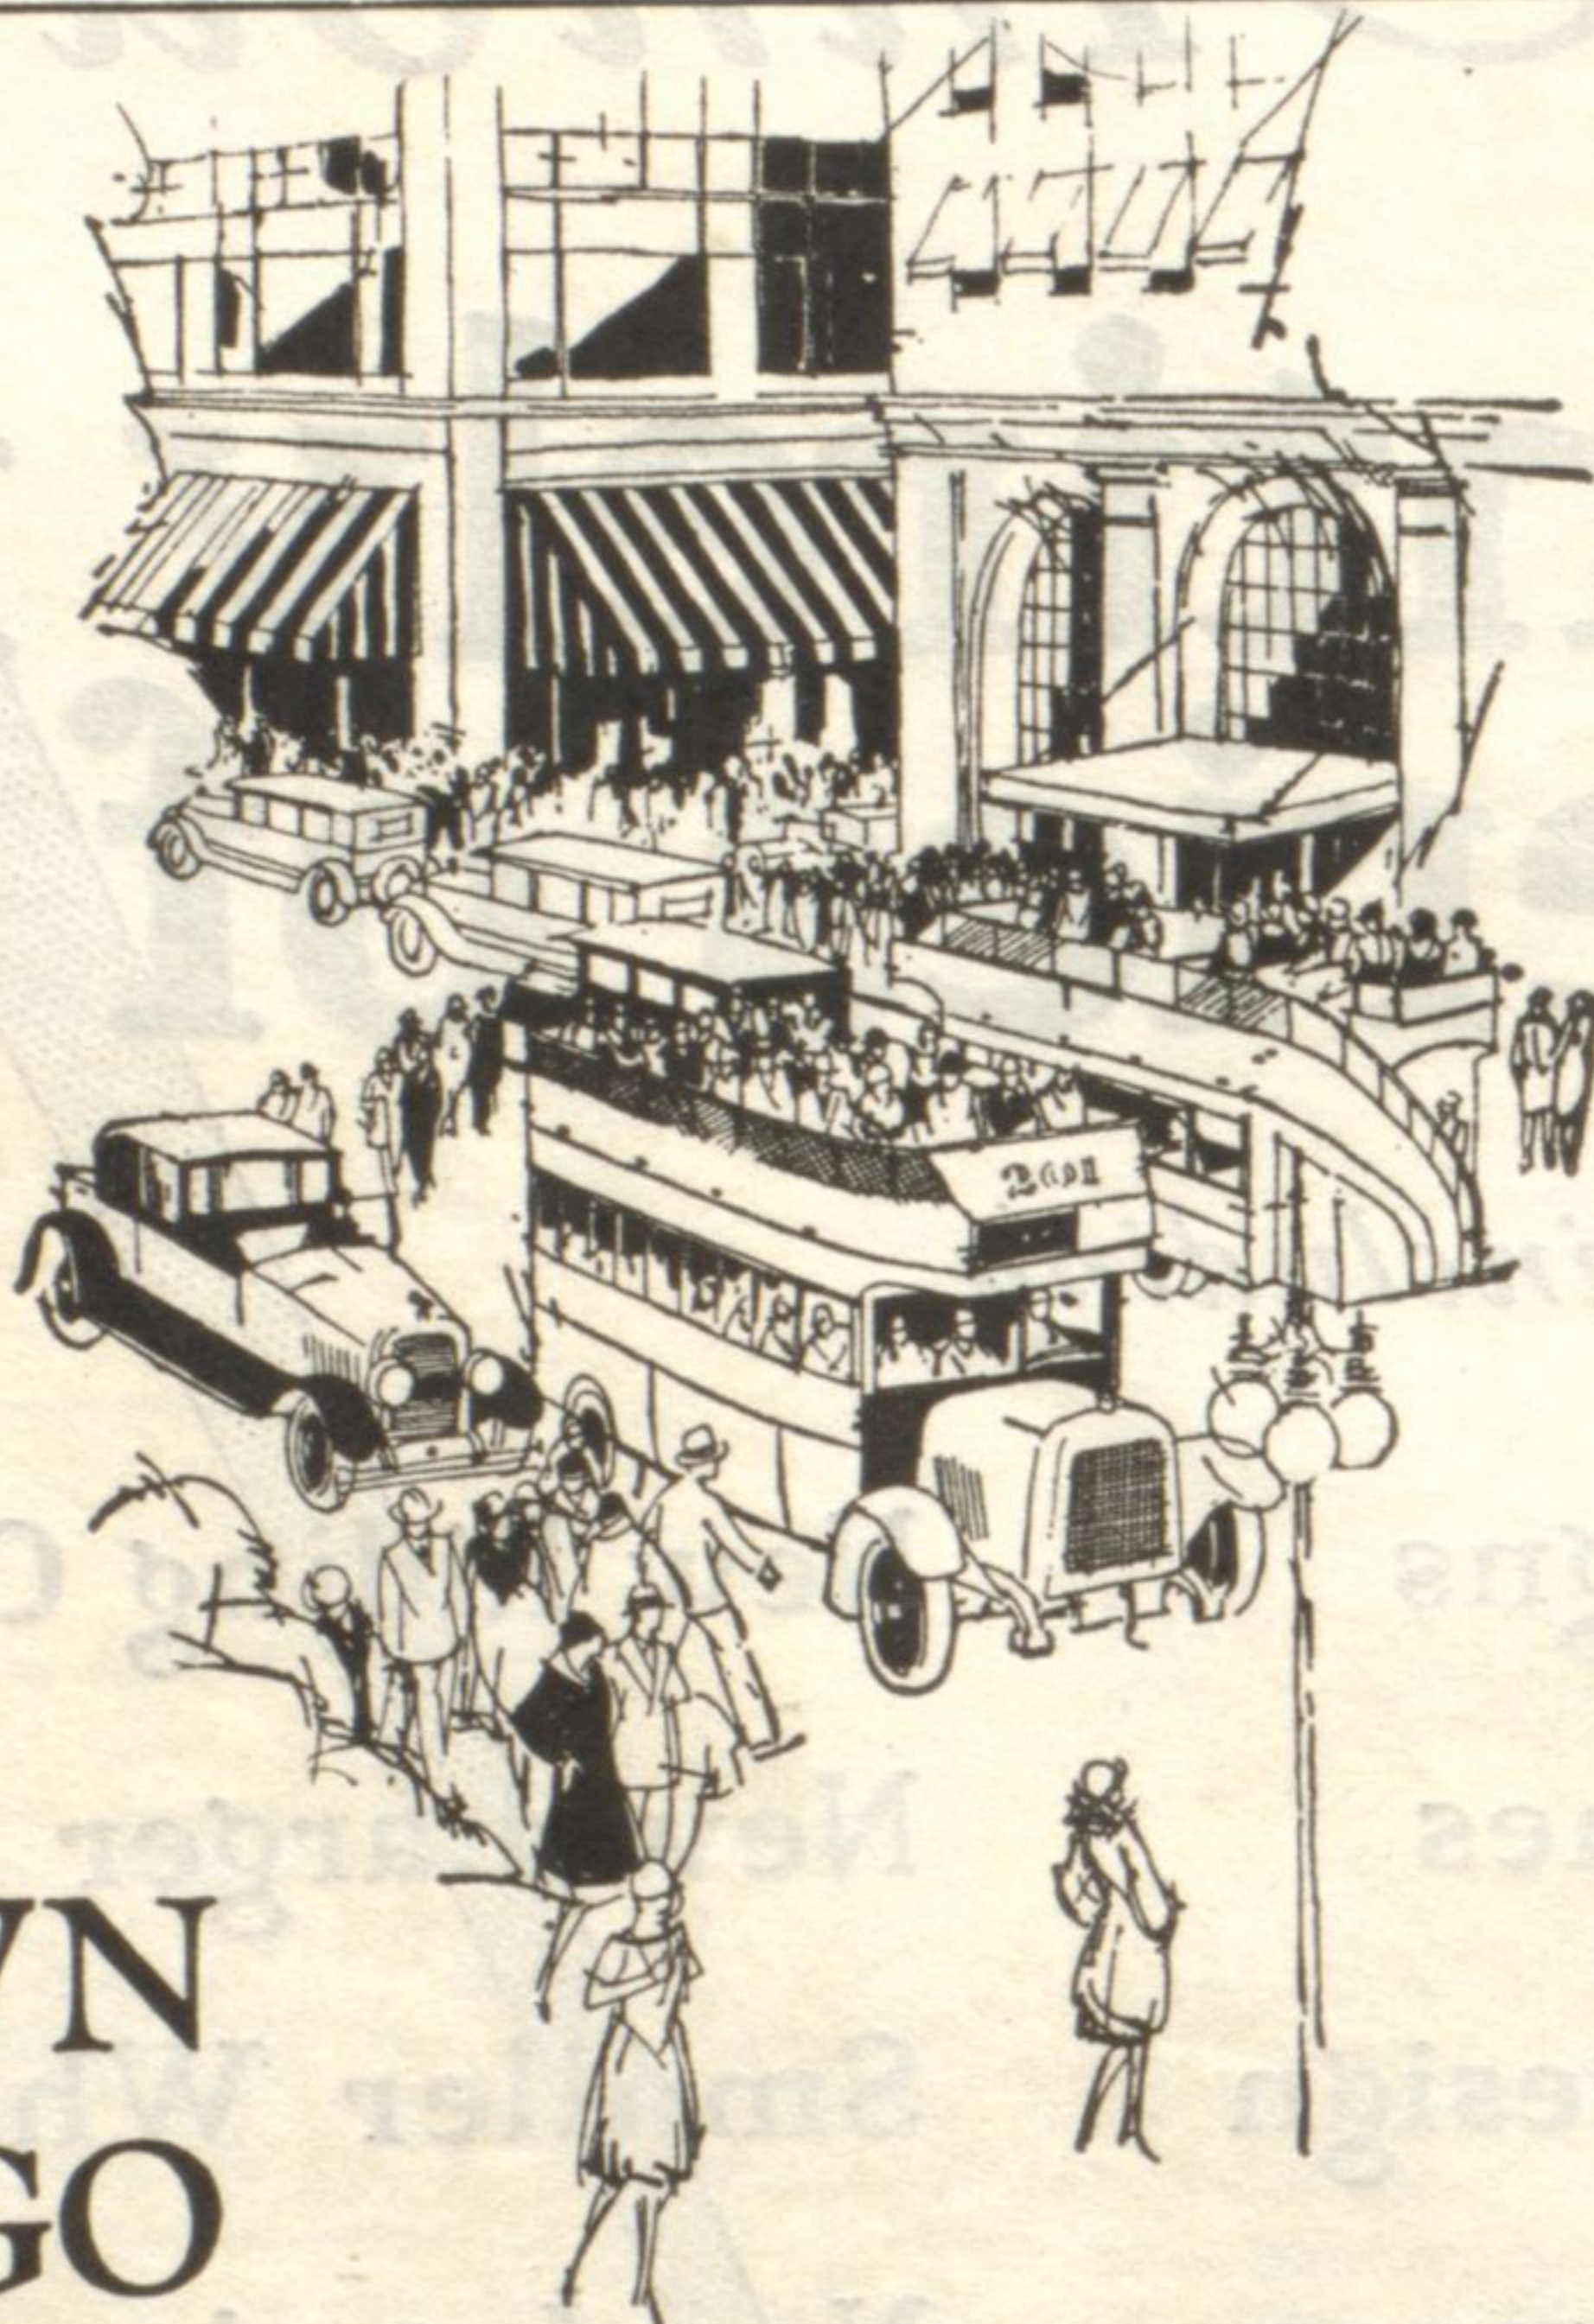

General headquarters for this new public service organization have been opened on the ground floor of the Edison building, 72 West Adams street, Chicago. Branch offices have been established at all North Shore line stations, including both rail and motor coach terminals.

Through this bureau detailed information may be secured on Chicago, Milwaukee and all intermediate points served by the North Shore line, and also the lake regions of northern Illinois and southern Wisconsin and other points served by the auxiliary motor coach lines. An intensive survey has been made of every community in the North Shore line territory in order to insure the completest possible data being available.

Expert advice is also obtainable on any point in the Fox River Valley, served by the Chicago, Aurora and Elgin railroad; the Indiana Dune country and the great industrial centers at the south end of Lake Michigan, served by the Chicago South Shore and South Bend railroad, and the lake-side resorts of western Michigan, served by the Shore Line Motor Coach company.

Other public utility companies co-operating in establishment of the Outing and Recreation bureau, in addition to the railroad and motor coach lines already mentioned, include the Public Service Company of Northern Illinois, Commonwealth Edison company, Northern Indiana Public Service company, and The People's Gas, Light and Coke company.

Mr. and Mrs. Harry Mess of 982 Pine street left yesterday with their daughter, Mary Jane, for Benton Harbor, Mich., where they will pass July and August.

Make
**UPTOWN
CHICAGO**
mean all it should to you

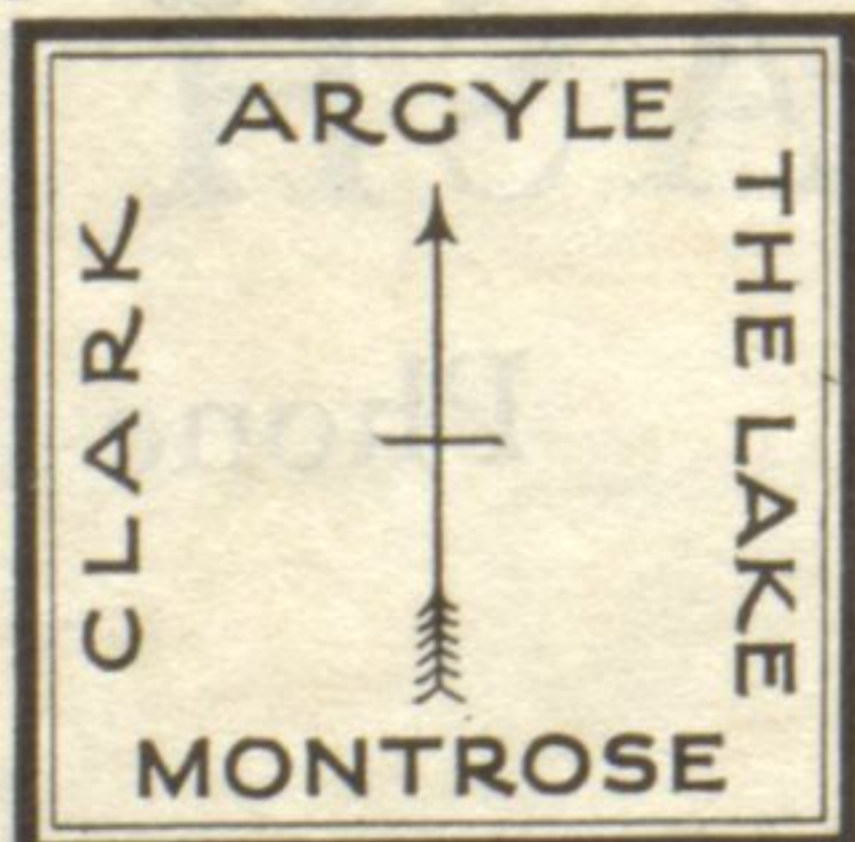

IN THE shops, the restaurants and pleasure places of Uptown Chicago awaits the fulfillment of your every need and desire.
