

Lee Says:

THE flies are with US again and there SEEMS to be about as MANY here in Winnetka AS ever, with new CROPS hatching every DAY—SWATTING is good, but IT'S too slow, and so WE'VE laid in a stock OF fly amunition this SUMMER that if properly USED, will make Winnetka THE most unhealthy spot FOR flies in the UNITED STATES—ENOZ and Black Flag come in LIQUID form and a little SPRAYING outfit is PROVIDED—just shoot a LITTLE in the air where THE flies congregate AND they all get asthma AND choke to death—SAME way with Black Flag ONLY it is in bellows FORM that shoots the MATERIAL in the fly's FACE, causing blindness AND acute indigestion ALL of these fly "EXTINGUISHERS" are ABSOLUTELY harmless to HUMANS—better stock up.

Mr. and Mrs. Charles Ware, 225 Abbottsford road, returned to Kenilworth last week from a northern motor trip. With them is their nephew, a young man from St. Louis, who has been visiting the Wares for a short time.

Among the entertainments provided for the two sisters of Mrs. Irving Babcock, 229 Essex road, Kenilworth, was the party given by Mrs. Thomas White, 310 Richond road, July 6. Mrs. Babcock herself entertained them at luncheon and bridge yesterday. Both guests are from Minneapolis and will be with Mrs. Babcock for a short visit.

The average expenditure for public schools in Illinois cities is \$12.49 per capita per annum.

Mosquito Fighters Happy Over Abatement Measure

North shore health officials and leaders in the mosquito abatement movements in the various villages have expressed gratification over the passage of Bill No. 26 by the recently adjourned state legislature making it lawful for communities to ask the public at election to vote on the proposition of assessing a small tax for abatement purposes.

The bill is based upon the California mosquito abatement act which is said to have brought excellent results.
