*Meeting the particular North Shore on its own ground*

It is true that the fastidious will journey far for quality that can't be found at home; but that if quality moves close they are even more apt to appreciate it. With this splendid new Studio accessible to all motor traffic of the North Shore, the finest in portraiture is now available. We will also make home sittings by appointment.

*In the del Lago Section, just off Sheridan Road—  
Adjacent to Vista del Lago and
