## KENILWORTH WEST AREA SEEKING IMPROVEMENTS

### Section West of North Western Right-of-Way Also Favors New Through Highway

If plans of the West Kenilworth Property Owners Improvement association are realized that section of the village is very soon to develop into one of the most desirable residence areas on the north shore.

Building activity throughout that area has been going forward at a pace in keeping with other sections of the north shore, and now the property owners there feel that the time has arrived when all the unpaved streets should be paved, and petitions to this effect are to be presented to the Kenilworth Village board.

This decision was reached at the last regular meeting of the West Kenilworth Property Owners Improvement association.

A committee from the same association also recently called on County Commissioner Oscar W. Schmidt, of Wilmette, to again present the Prop-

erty Owners' unalterable position favoring the McCormick boulevard extension, so-called, to follow along the west line of the right-of-way of the Chicago and North Western railway, and opposing any proposition contemplating a broad park adjacent to and parallel with the railroad, holding that the cost of such an improvement would load an excessive burden upon the property owners.

The association contends further, that the park proposition is not favored by many owners of property located east of the North Western right-of-way.

It points out that such a scheme, if further persisted in, will indefinitely defer other much needed improvement in the west area.

Miss Vera Anderson, daughter of Mr. and Mrs. Oscar Anderson of 937 Spruce street, celebrated her thirteenth birthday anniversary Monday evening with a party to which ten of her friends were invited.

Mr. and Mrs. George Karnes of Fuller lane attended the opening at Vista del Lago Wednesday night and had as their guests Mr. and Mrs. Kirker D. McIntyre of Riverside.
