

LEE Says:

WE were just reading ABOUT a politician who WAS making a speech ONE night on woman's RIGHTS, and he shouted,— "TAKE the women out OF politics and what WOULD follow?" WHEREUPON a man in the BACK row yelled, "I WOULD!" AND that's just about THE situation in the DRUG business—take the LADY customers away FROM this store, for INSTANCE, and the Adams' DRUG Store would pass INTO history about the FIRST of next month— ALL of which explains WHY we try so hard to MAKE this store an ATTRACTIVE place for YOU Winnetka ladies to TRADE—some of you have VERY kindly told us you, LIKE our store, and BELIEVE us, such statements ARE sweet music to OUR ears!

IF YOU will read your insurance policy against fire or theft, you will probably find that there is a definite limitation fixed on the loss of valuable articles, securities, jewelry, etc.

These are the first things to be lost—their place is in a Safe Deposit Box in our vault, always—whether you travel or stay at home.

The cent or two a day that you pay for this protection represents the most dependable and the least expensive insurance you can buy.
