

Have the Laundry Equipped in Your Home

Gas Heated Ironer

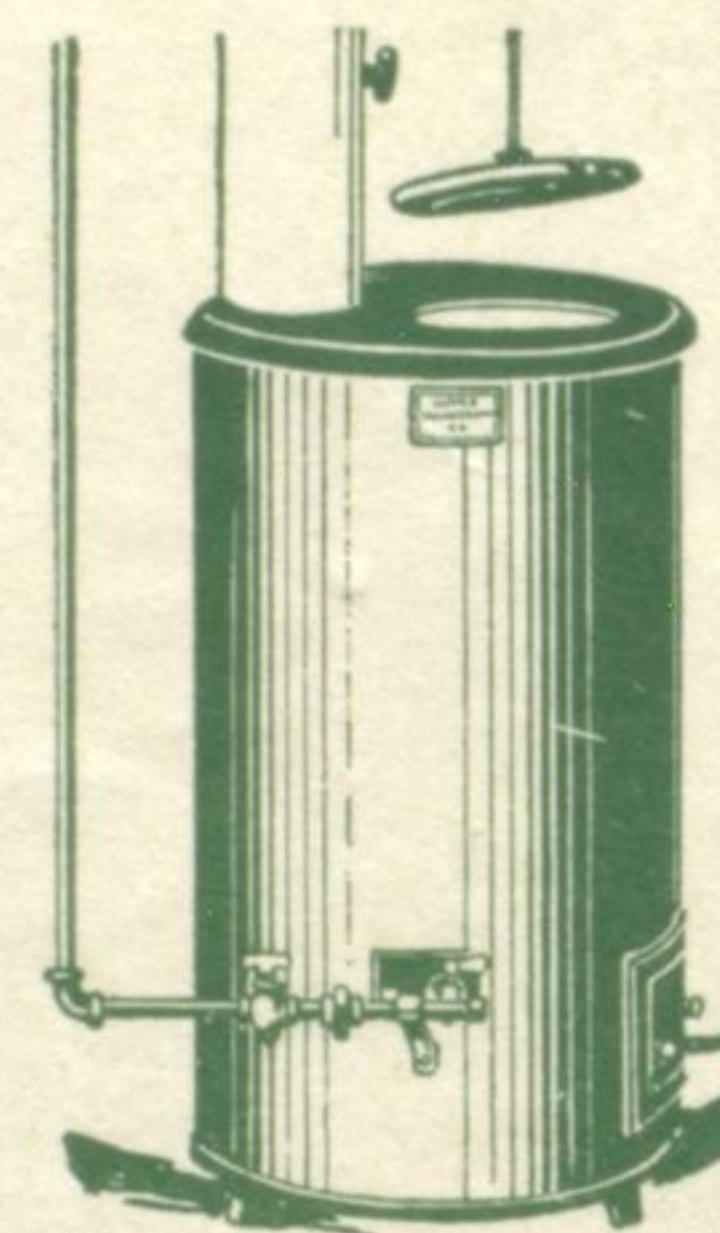

Have a Laundry Corner in your kitchen, not just some tubs, an old time rub board and flat iron, but a modern up-to-date laundry equipment so you can do it better with gas on every wash day. You want a gas heated washer for instance, a gas clothes dryer, and a handy gas heated ironer that folds up and rolls away into a corner when not in use.

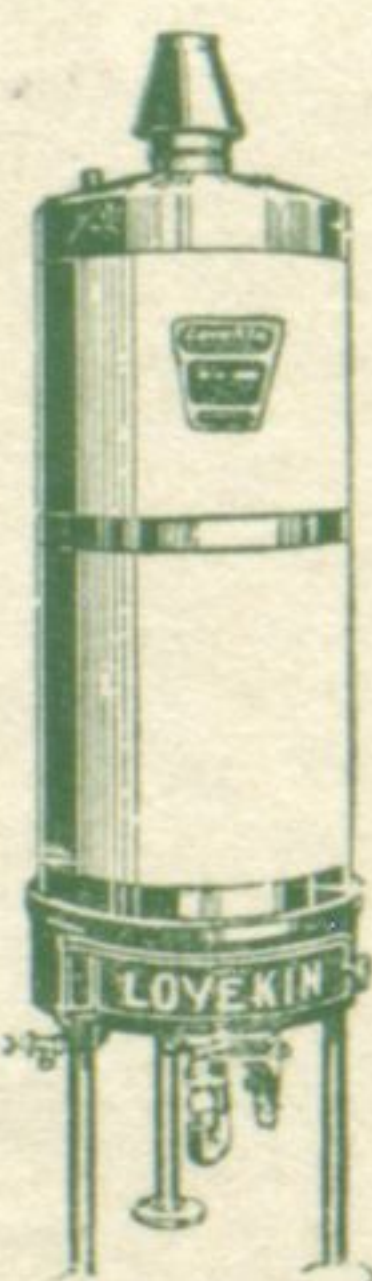

This compact gas heated ironer can be in your kitchen during the month of August for a \$5.00 down payment, balance with your monthly gas bill.

Where Does It Go From the Table

Where does it go from your table? The sanitary disposal of your table refuse is as important as your table service, upon it depend the health of the whole family and your naborhood; there is only one way to provide absolute protection from this disposal danger, that is by installing a gas fired home incinerator in your home. It burns all refuse to a fine white ash, removes all bad refuse odors from this source, helps rid your home of the menacing flies. This modern gas fired home incinerator can be installed in your home for a \$5.00 down payment during the month of August, balance in twelve equal monthly payments with your gas bill.

Home Incinerator

Lovekin Automatic Storage Water Heater

A Supply of Hot Water at Your Disposal

A supply of hot water at your disposal each hour of the twenty-four, all that is necessary is to turn the faucet; when you have one of these new six heat radiating tube Lovekin automatic storage water heaters during the month of August an allowance of \$10.00 will be made on your old range boiler towards the purchase price of one of these heaters which have proven so very satisfactory for hot water service to our many consumers. Twelve easy payments with your gas bill makes it possible for you to have one of these heaters installed in your home.
