

Mercury Couldn't Give Quicker Service

WHEN it comes to Dry Cleaning service, we believe we hold all records for speed. Certainly we know we hold the town's high regard for the quality of our service.

So there's a combination for you that you'll appreciate. Your Clothes don't leave you for long—they come back like new—and besides, the charges are very moderate. If you call WILMETTE 320 there'll be a driver at your door.

A State Bank

Put All These Eggs in One Basket

THIS is a case where the reverse of the old saying is true. Having your saving account in one bank and checking in another, renting a safe deposit box down the street and making investments somewhere else is wasteful of your time and energy.

This bank is proud of the complete service it offers the people of Winnetka. Its strength and record merit your confidence and you can transact all your banking business here under one roof—with a maximum of convenience and service. Come in.
