Juvenile Competition Part of County Fair Program

A juvenile county fair for the children of Cook county schools is one of the features of the Cook County fair to be held at Palatine, from September 1 to 5.

Another feature of the fair will be the women's work exposition which demonstrates the progress being made in the home so far as household products are concerned.

In all Chicago there is no Milk so good as

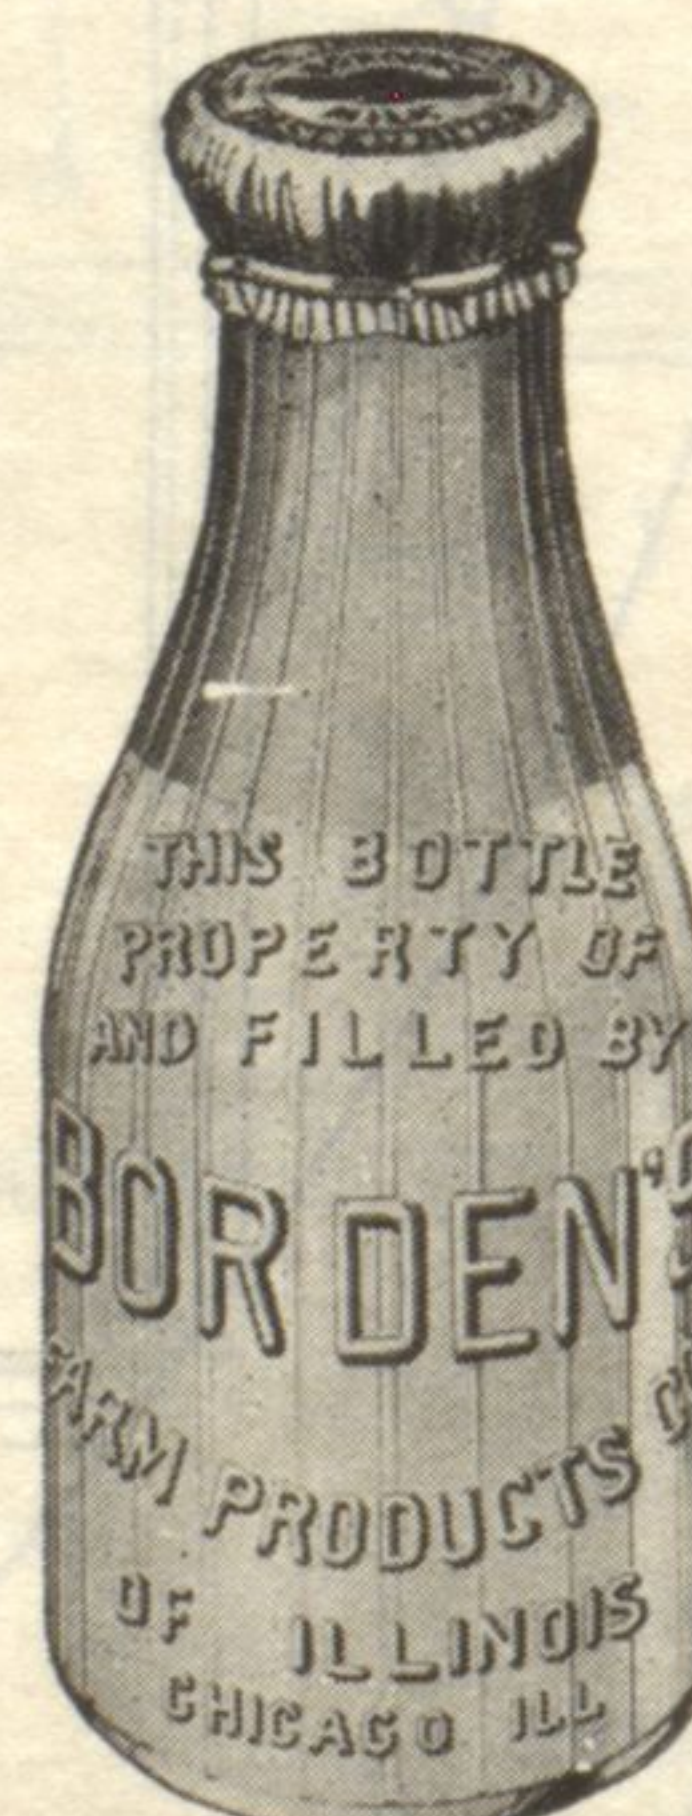

There are many ways in which "Selected" Milk excels.

A picked group of dairy farms near Lake Geneva, Wis.,—extra care and supervision—cooling the milk immediately at the farms to less than 18 degrees above freezing—these and all the standards which make Selected Chicago's better drinking milk are most strict.

This unmatched care and supervision is the secret of that famous sweet, natural taste of "Selected" Milk.

That taste is now well known to thousands of families in Chicago. The number is increasing—no other milk has won so many new friends.

If your children are not now enjoying "Selected" Milk, call in the Borden Milkman in your neighborhood or 'phone the nearest branch or the main office for service tomorrow.
