**Why do women
choose Silvertowns?**

Do women buy tires? They certainly do. And they show a remarkable preference for Silvertowns—sold by our store.

First—they buy Silvertowns here, because women are always keen judges of value. They know how to weigh quality and price—and get the most for their money.

But with tires—one more thing is vital. Women must have dependability—and that means freedom from tire trouble.

Courteous treatment—at the time of the sale—courteous service afterwards—all combine to make our store headquarters for women drivers.

More social calls
—for the woman
who drives

A single set of Goodrich Silvertowns will give you more delightful afternoon outings—more opportunities to call on friends—because of the extra mileage these tires deliver for any use.
