

**Realistic
Method of
Permanent
Waving**

ENJOY all the outdoor sports; swimming, golf and tennis free from the annoyance of coiffure worries. For a realistic "permanent" the new European method is a most natural and beautiful one and assures you of all the joys of summer. Yes, we guarantee our permanents as we do all of our work.

**Abatement Group
to Hold Meeting
on September 12**

The next meeting of the North Shore Mosquito Abatement association which is making progress in its work of preparing for a special election to authorize money necessary to carry on the work of exterminating the mosquito on the north shore, will be held at the village hall in Wilmette, Monday evening, September 12, at 8 o'clock.

A meeting last week was held at the Village hall in Glencoe, where representatives from the various villages in the district reported progress in the work of obtaining signatures to the necessary petitions for the special election. Additional petitions were presented with complete quotas from

the villages of Northbrook, Glencoe, Glenview and Kenilworth.

Those who are circulating the petitions in the other villages report progress, and it is hoped all lists will have been completed by the time of the next meeting in Wilmette, on the evening of September 12.

A communication of much interest to those working in behalf of this movement was read from the director of the mosquito control of the Gorgas Memorial to the president thereof.

MATCH AT WESTMORELAND

The match to decide the Chicago woman's golf team championship will be played off next Monday at Westmoreland club. Those competing will be the Evanston Golf club team, winner of the north shore championship; Westward Ho, west side champion, and Olympia Fields, winner of the south side title.

**N. S. Postmasters
Attend Convention
at Niagara Falls**

Postmasters, assistant postmasters and ex-postmasters will represent the north shore, where efficiency in this department of Uncle Sam's service is most highly developed, at the Postmasters' national convention at Niagara Falls, N. Y., September 15, 16 and 17.

Here the north shore officials will meet their co-laborers in the work of handling the intricacies in connection with the mail service, and together with the heads of the various departments from Washington will discuss ways and means, if any are conceived, by which the service may be improved.

The postoffice department is one of the greatest business organizations on earth, and the speed and accuracy with which it functions is due to the unceasing efforts and co-operation of all its thousands of workers, which extends from the highest official in the nation's capital down to the smallest hamlet in the most remote part of the nation.

Postmaster Joseph E. Shantz, of Wilmette; Postmaster Joseph C. Braun, of Winnetka and Elmer E. Adams, former postmaster of the latter village for many years, expect to leave Sunday to motor to the convention city.

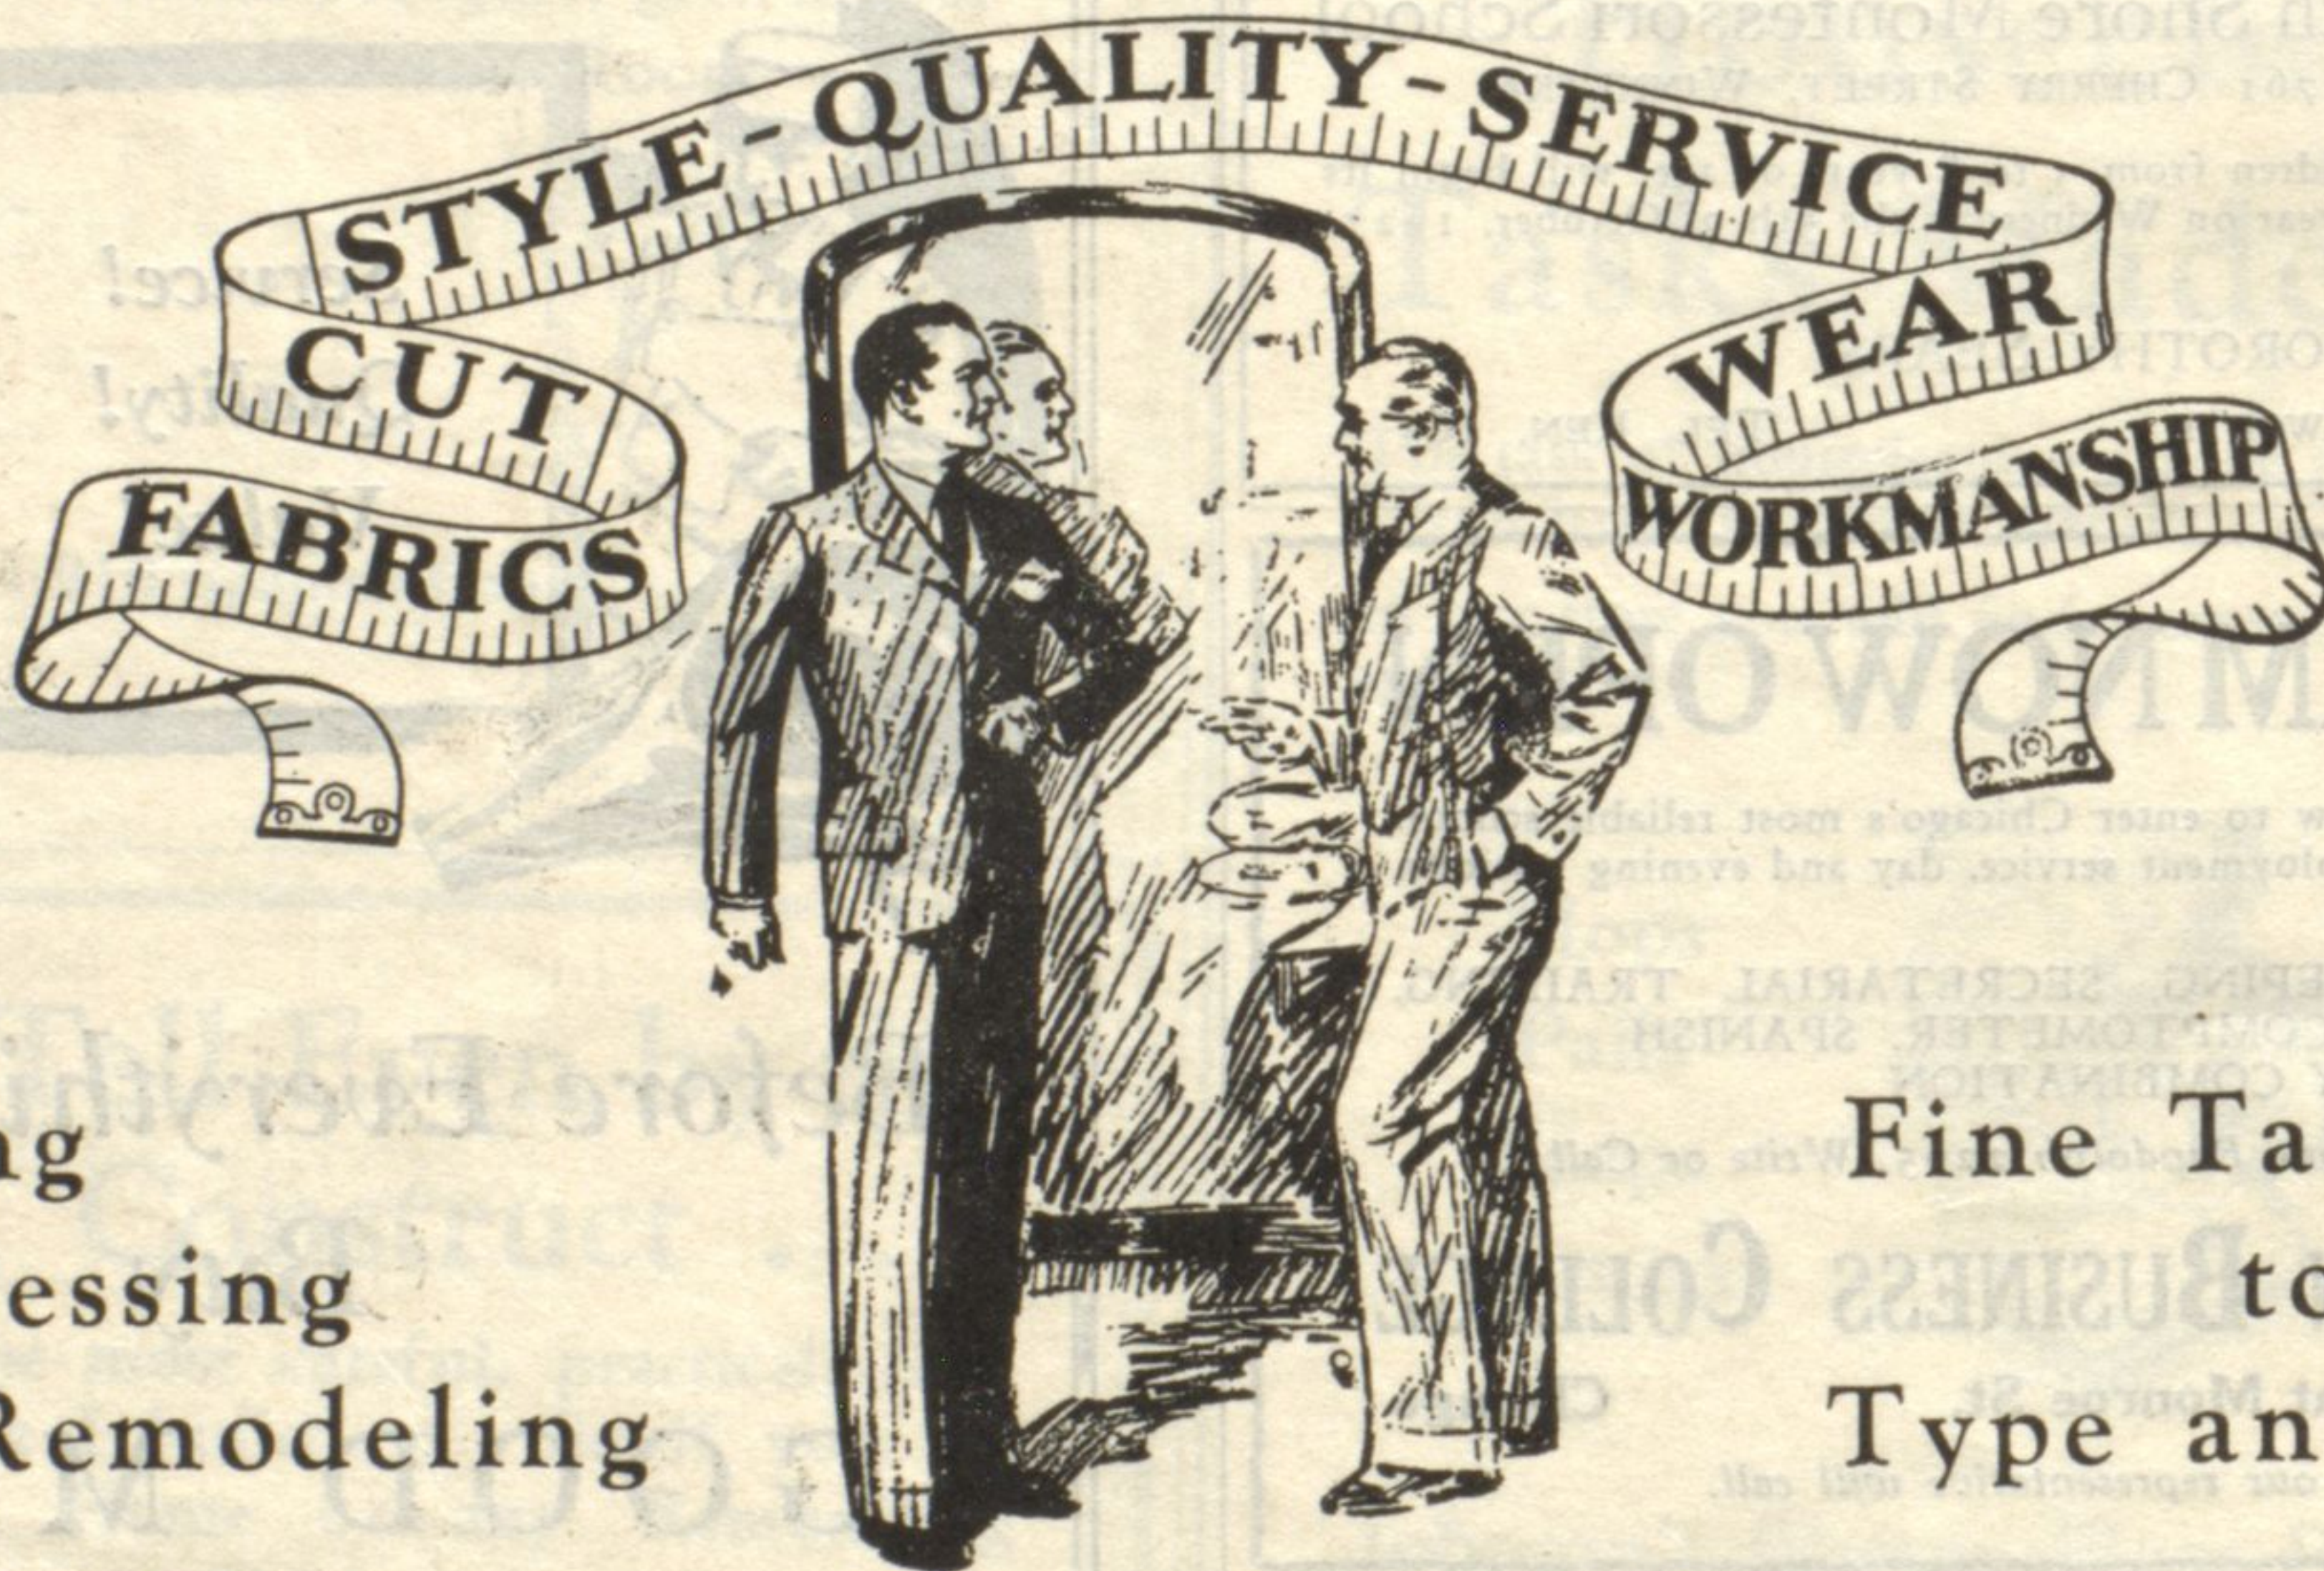

Glencoe will be represented by Mrs. Ellen Bremner, assistant postmistress in that village, who will spend a part of her annual fifteen day vacation there, and while in the east will visit New York City and other places of interest.

The Current Events class will meet Friday, September 16, at the home of Mrs. William Morse, 433 Provident avenue, at 2:30 o'clock.

Fine Tailoring
to
Type and Tape

ALL your wants in the above and general tailoring are cared for in a most exacting manner. Your garment left in our care assures you of a prompt and efficient service.

THE shapeliness of a custom-tailored garment; the smart lines that denote hand-tailoring; the general subtle tone that marks a tailor-made suit; these you'll find in Schultz & Nord bench-made garments.

And they're built to "suit" your personality as well as your person for as low a price as a ready-made suit that is "just all right."
