

A GREAT INVESTMENT IN GLENCOE

This delightful, spacious Colonial is surrounded by trees hundreds of years old and has one of the most beautiful settings extant. There are 4 master bedrooms and 2 master baths and 2 maids' rooms and bath—all on the second floor. Magnificent porches add to its charm. The grounds are 350x300 and are perfectly landscaped and shrubbed. There is a large 2-car garage with servants' quarters. It can be bought for ground value—\$50,000.

Mrs. John Ritchie, and her children, of 565 Arbor Vitae road returned yesterday from Binnacle cottage, Non-quitt, Mass., where they had been since the first of August. Mr. Ritchie returned to Winnetka about two weeks ago.

Mr. and Mrs. A. A. Sibert and their daughters, Margaret and Jane, of Sidney, Australia, who spent the summer with Mrs. Sibert's sister, Mrs. Burton Atwood of 839 Elm street, have left for their home.

The John Vander Vries family of 968 Pine street returned last week from Holland, Mich., where they had gone to aid Mr. Vander Vries' recovery. He is reported to be much better now.

Regular Health Examination for Winnetka Pupils

Regular periodical health examinations are to be instituted in the local schools under the direction of the Village Health department, it was announced this week by Dr. H. A. Orvis, Winnetka Health officer. School nurses are now busy making a preliminary examination of the children registered in the various schools and will report on the conditions of eyes, ears, and the children's weights.

Approximate exercises to procure correct posture in each child will be worked out, by the physical education teachers conferring regularly with the school nurses. It is anticipated that several weeks will be required to get the work completely organized and in full swing.

Because a number of inquiries have been received by the Health department, Dr. Orvis issued a statement this week pointing out that the water supply of the village had been thoroughly examined and that it was found to be entirely free from harmful bacteria or pollution of any type.

In regards to the erroneous report that there are several cases of infantile paralysis in the village, Dr. Orvis stated that there are no cases of the disease at the present time in the village. While in certain sections of the country the disease is present in epidemic proportions, there seems to be no cause for alarm in this vicinity as there have been no cases reported in close contact with the north shore, Dr. Orvis states.

Home nursing courses have to be again instituted in the local schools, Dr. Orvis announced. There are to be three courses given during the school year, each course to be of 12 weeks duration. They will be conducted at the Skokie school.

Mr. and Mrs. A. Milne Ramsey, 903 Cherry street, and their family, have sold their home and are moving to Pittsburgh, where R. Ramsey's business has been transferred. They will leave for their home October 1. Last week the Oak Street circle was entertained at luncheon at the Tuck-a-Way tea room by Mrs. Albert Weisner and Mrs. William Eldredge in honor of their chairman, Mrs. A. Milne Ramsey.

\$1 Day Special
