

## Building Funds Promptly Available

*to North Shore Contractors,  
Brokers and Owners*

Have you decided where to build? Quinlan & Tyson have records of the property's history, if it's on the North Shore, and can judge its value and its prospects. That smooths out the process of financing—makes it possible for you to start operations promptly.

Every section of the North Shore is known to our representatives, who specialize in various districts. You have merely to come here for a First Mortgage loan, or refinancing of a First Mortgage bond issue, to get action.

From our years of experience, and the compact organization we have built up, the information needed is at our fingertips. If the report on your property is favorable, ready cash is immediately forthcoming. And a receptive market absorbs the conservative First Mortgages and First Mortgage Bonds issued on your real estate, because of the reputation back of them.

*Our resources for financing are at your service when you build. Come in and discuss your plans. Call us by phone, or write.*
