

Administration Building for Military Academy

Here we have the uniquely designed administration building of the North Shore Military academy which is to open its door to cadets for the first time Monday, October 3. The architectural theme might readily suggest the old army post type of structure. The new school is located in Niles Center just south of the Evanston Golf club. An inaugural ball signaling the establishment of the new school is to be held in the Orrington hotel ballroom, Thursday, September 29.

Lee Says:

A Winnetka man TOLD us yesterday THAT our COLD Remedy IS the best COLD remedy he HAS ever tried, WHICH is a comment THAT we have heard MANY times before—HEALTH authorities WILL tell you that THE common insignificant COLD is the beginning OF a very large PROPORTION of human ILLS and it certainly BEHOOVES us to get RID of the cold BEFORE it develops INTO something more SERIOUS. LEE'S Cold Capsules USUALLY relieves A COLD in 12 hours AND one box COSTS you only 50 cents! PRETTY cheap health INSURANCE, don't YOU think?

When Was Your Car Last Greased?

It is just as essential to have your car greased regularly as it is to change its oil.

Moving parts not greased are subject to rust, wear and tear. This leads to rattles, squeaks and often to breakage. Protect your car against these ailments. Have it greased by our
