ELEGANCE AND RESTFULNESS GREET YOU IN THE GEORGIAN LOBBY

## Rich in Architecture . . .

## Rich in the Charm of Home

**T**YPICAL of that period for which it is named, THE GEORGIAN embodies elegance of design and appointments combined with the comfort and charm of home. Greeted by an exterior of friendly dignity, GEORGIAN guests are delighted by the softly lighted, beautifully furnished lobby into which they first enter. The graceful fountain in the center of the room that plays midst a symphony of colored lights, the stately columns, the well chosen furniture, the abundant plants

all blend to create an atmosphere of restful richness in which one wants to linger.

The decorative scheme and furnishings throughout are achievements of true artistry. Every chair, each fixture, every piece of tapestry was selected by those with whom such selection is an art. Quality and taste are everywhere apparent.

Outstandingly smart, and unblemished by stores, crowds of shoppers or any touch of commercialism, THE GEORGIAN is decidedly the fashionable place to live in Evanston.
