Built
for a Lifetime

*There's a Correct-Sized
Aetna for Every Home*

Home owners have found safety, comfort and convenience beyond their fondest hopes. Owners of large buildings have found the Aetna has effected a substantial savings in both labor and fuel costs. Heat is applied where it will do the most good. The Aetna flame is distributed uniformly and in such a manner as to apply heat directly, producing the highest possible degree of efficiency of heat.

Can be installed in any heating plant.

APPROVED

*by the National Board of Fire
Insurance Underwriters.*

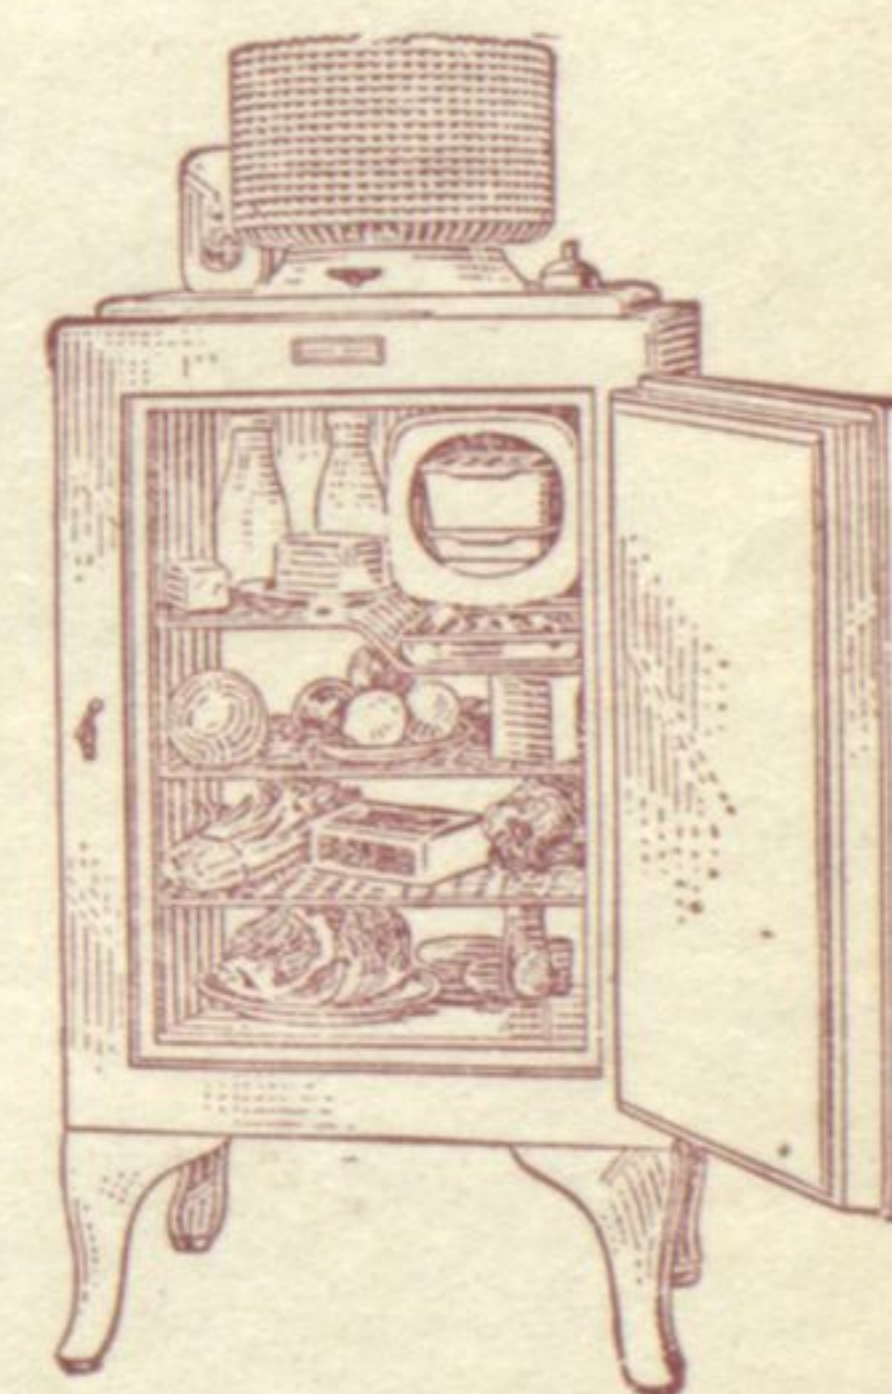

Quiet
Simplified
Economical

The new Simplified General Electric Refrigerator is unusually quiet, economical and trouble-free. It has no belts, fans, pipes or stuffing box to get out of order. Its extreme simplicity is the result of 15 years' research in the world's greatest laboratories.

See this remarkable refrigerator.
