Izaak Walton League to Clean Cook County Streams

The Des Plaines and Calumet rivers, Salt Creek, Thorn Creek, and other waterways in Cook county are to be the objects of strenuous attack by the thirty chapters of the Izaak Walton league in the county, including the Wilmette and Winnetka chapters of the league.

Complete eradication of pollution from these streams is the goal of the Walton leaguers. At a meeting of the leaders of the league in Illinois with officials of the national organization in Chicago last Thursday it was decided to begin an active campaign immediately, toward this end.

"The condition of the streams in Cook county is a disgrace to any American community, and Chicago should be thoroughly ashamed to have such a stench under her nostrils," declared Dr. R. R. Blodgett, Chicago Heights, a member of the Board of Governors of the Illinois division of the league. "There is no reason," he added, "why these streams, instead of being festering sewers, should not bring happiness and health to those who live near them, as streams are supposed to do. They should contain fish, and should be safe for boys to wade in."

A meeting of representatives of the thirty chapters of the league in Cook county, comprising a total membership of more than 4,000, was called for Thursday, September 29, at the offices of the national headquarters, 536 Lake Shore drive, Chicago.

Phyllis Dubsy entertained three of her friends on Saturday by taking them to the matinee. They heard the musical play now in Chicago, "The Desert Song" in which Alexander Gray is starring. Mr. Gray formerly sang in the Union church and is a brother of Mrs. Smale.

It's a Big Party, and You and Your Pals Are Invited

Are you a Purple rooster or a college student on the north shore? If you are in this class you have a chance some others may not enjoy.

You are invited to a big N. U. party, and it's very informal. Just a nice get-together, a "become acquainted" sort of spree.

It is being given by Gamma Kappa Delta, the student's society at St. Luke's parish house, Evanston. The time is 8 o'clock.

There will be a "wow" of an orchestra, it is explained, and if that's the case there is sure to be dancing.

Information may be had by calling Wilmette 1503.

Wednesday P. M. Hoppette Latest for Dance Patrons

"Hoppette."

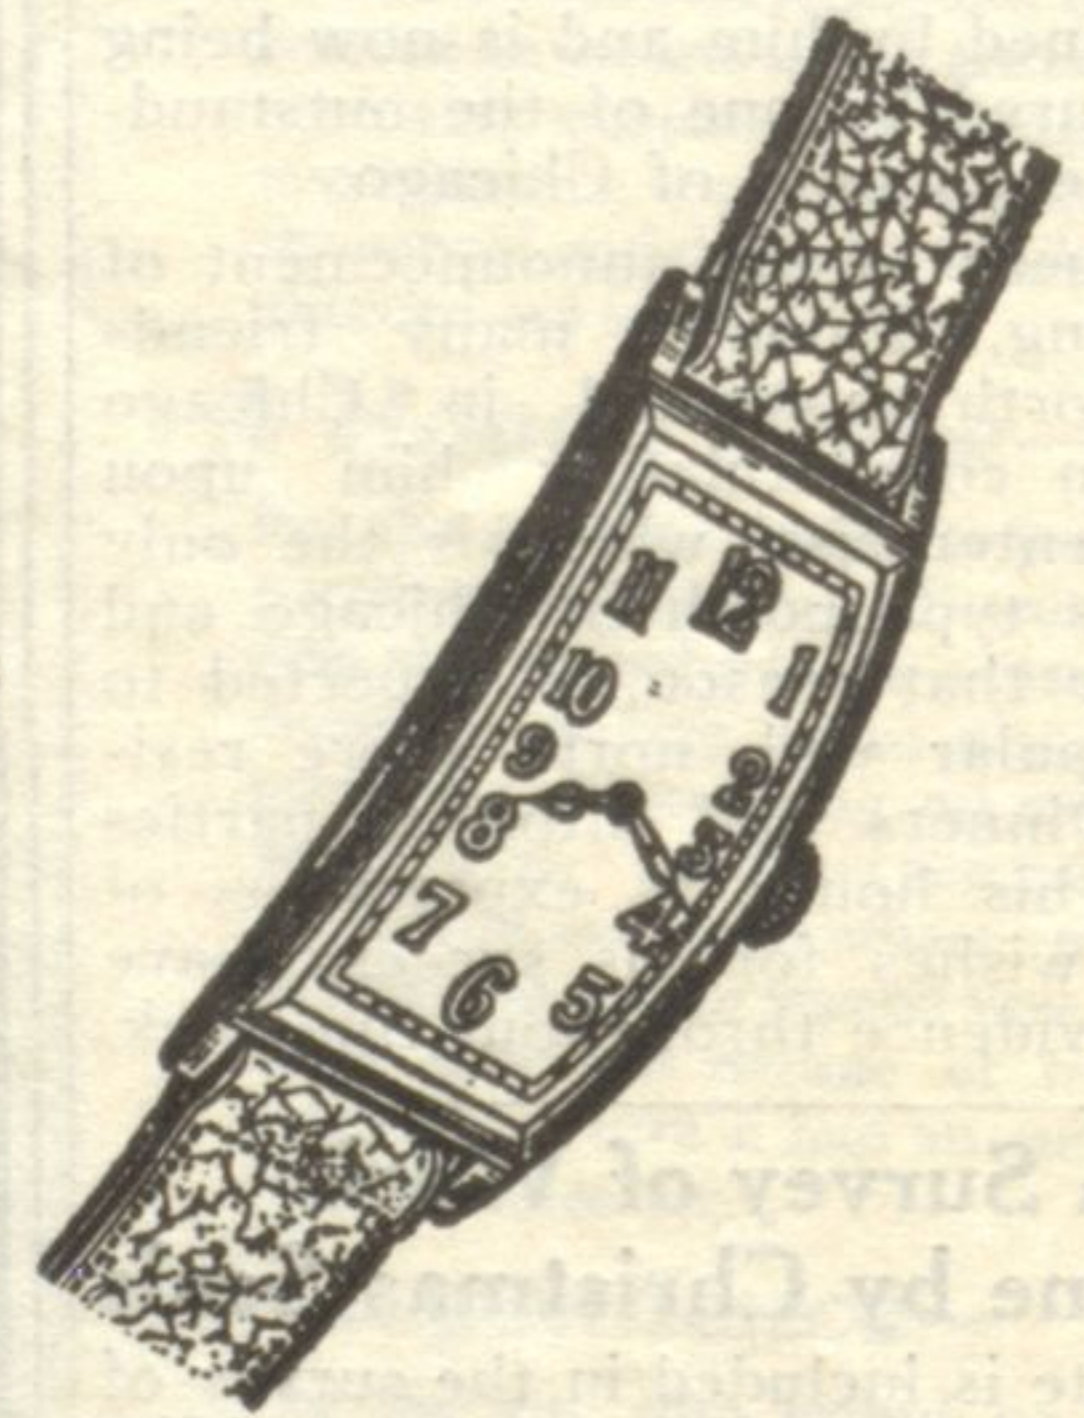

That's latest in dance diversion for north shore folk, scheduled every Wednesday afternoon at the Cottage on Sheridan road in "No Man's Land." Dave and Ed and the impressarios of this divertissement announce the opening affair for Wednesday, October 12.

High fever music is promised by the Parodians and the affairs are broadcast as "informal as the deuce."

ON AFRICAN GAME HUNT

Harry Vissering has left Kenilworth for a six months' trip to Africa for wild game hunting. He left on Sunday to join the party arranged by George Getz. He is traveling with Dr. Metz of Washington Park hospital and will meet the other members of the hunting party at Genoa, Italy. They are provided with the latest of equipment, and are prepared to shoot and trap in the most unexplored regions of Africa. They anticipate wonderful results.
