

To Owners of NORTH SHORE PROPERTY

WE believe you will be interested in knowing that you have, in your community, an organization of specialists who are equipped to render you the most reliable real estate service available.

This organization is the North Shore Real Estate Board. It is composed of a group of men and women who are willingly making an open book of their individual business dealings. Their very membership in this Board is your guarantee of the highest standards of practice.

The North Shore Real Estate Board receives its charter from the National Real Estate Board and is affiliated with the Illinois Board. It is one of nearly 700 such organizations now operating throughout the United States. The members of such boards, *and only they*, are entitled to the use of the term

REALTOR

Members of the North Shore Real Estate Board are governed by an ironclad code of ethics, including a uniform scale of commissions, which insures the protection of both the seller of real estate and the buyer.

Printed operating rules, by which members of the Board conduct their businesses, are on file in every office listed below. They are open, at all times, to public inspection.

Anyone interested in north shore property will benefit by familiarizing himself with these rules—as he will further benefit by dealing through an *authorized* Board member, a REALTOR.
