

N. T. Holds Try-Outs for Junior-Senior Class Play

Dramatic club try-outs for the Junior-Senior class play at New Trier High school are being held this week and selection of the cast for the production will be completed within the next few days. While the play has been selected, in accordance with the usual custom its name will not be announced until after the cast has been selected. It will be presented sometime next month and will be coached by Gorden Van Kirk.

Two Cars Crash Head-on; Both Drivers Injured

Two cars collided, head-on, on Tower road, about 50 feet east of Burr avenue, Wednesday evening just before six o'clock, in which the drivers of both cars, Mrs. Adele Heine-man, of 913 Greenwood avenue, Win-netka, and M. E. Dault of 1516 Maple street, Eyanston, were injured. The front part of both cars was de-molished. The driver of the Evanston car claims the Winnetka car was be-ing driven without lights, according to the report of Motorcycle Officer Ray-burn and Officer Dudley Everett.

Rehearsing Play for Benefit of American Legion Service Fund

A play, "In Lilac Time," is being re-hearse for presentation about the middle of next month, the proceeds from which will go to the service fund of Winnetka post No. 10, American Legion.

It is to be given by several young people of the village interested in dramatics, prominent in the cast being William C. Boyden, Jr., and Mrs. Wil-liam Sidley, Jr.

The play will be presented at the auditorium of the North Shore Coun-try Day school.

The date and complete cast will be announced later.

Winnetka Man Makes Large Gift to New Chicago U. Clinics

An important gift for the use of the great medical school on the Midway of the University of Chicago has been made by Louis B. Kuppenheimer of Winnetka. Mr. Kuppenheimer has provided a fund of \$250,000 to establish an endowment fund to be known as the Louis B. and Emma M. Kuppen-heimer Foundation, the income from which is to be used for a study of the structure, functions, and diseases of the eye and for the support of teach-ing and research in the department of ephthalmology.

The department of ephthalmology has already been organized under the lead-ership of Dr. E. V. L. Brown, who is also a resident of Winnetka. Mr. Kuppenheimer's gift was the first en-dowment for the special fields of surg-ery in the new medical school.

"Though surgery of the eye has reached a high standard the world over, trachoma, sympathetic disease and other eye tragedies still blind thousands every year," Dr. Brown said in commenting on the gift. "This is mainly because their true nature is not known and much profound research remains to be done before these prob-lems are solved. The University of Chicago will provide ideal surround-ings for such a program, and Mr. Kuppenheimer's generous gift will en-able work to start at once."

The University Clinics, as the new medical school will be known, repre-sents an investment of over \$20,000,000, of which \$7,000,000 is in plant and the rest in endowment. The Albert Mer-ritt Billings hospital and the Max Ep-stein clinic were opened to patients on October 1. Formal dedication of the Clinics will be held on October 31 and November 1, when distinguished members of the medical profession from America and Europe will attend.

The Skokie Dance club is having the first dance of the season October 22, at the Winnetka Woman's club. A few dinner parties will precede the dance. The Ryland Wolcotts and the Arthur Goodmans are entertaining to-gether at Sunset Ridge. They will have about fifty guests. Mrs. William Truesdale will give a small dinner at her home, 570 Arbor Vitae road.
