THERE'S a man in WINNETKA who believes THAT epidemics are CAUSED by too much PUBLICITY—people talk ABOUT the disease, the NEWSPAPERS print a lot ABOUT it, and everybody BEGINS to think he's GOING to have it—a CONDITION of the mind, IN other words,—and now THAT the Grippe season IS approaching we hope ALL you Winnetka folks WILL think about SOMETHING else and make UP your minds that you're NOT going to have it. BUT—

IF you do begin to ACHE, and your eyes BLUR, and your disposition GETS rotten, and your HEAD throbs, just REMEMBER we have a lot of SOOTHING home remedies THAT will help your Doctor GET results and make you MUCH more comfortable.

Drum and Bugle Corps Wins Logan Sq. Award

The Drum and Bugle Corps of Evanston Post of the American Legion came into its own last Thursday night when it took first place and a prize of \$100, in competition with ten other corps. The occasion was the second evening of the civic celebration and carnival at Logan square, and all Legion drum corps in Cook County had been invited to compete. Ten posts responded by sending their corps and the competition was the keenest. In one respect the contest differed sharply from others in which the local outfit had taken part. Instead of placing the judges in the reviewing stand, where their presence would have been known to each corps, they were scattered along a three-mile line of march. Consequently, instead of relying upon special effort during the few minutes required to pass the reviewing stand, each corps was on the alert from start to finish of the long march. The extreme heat only added to the severity of the strain thus involved. The judges placed Evanston first with 92 points. The corps from Commonwealth Edison post took second place, while third went to Chicago Elevated. Evanston's victory over Commonwealth Edison was keenly relished, for the Chicago outfit had taken second place in the convention competition at Joliet in August.

IN RADIO MUSICALES

Two north shore musicians, a contralto and her accompanist, are giving a series of Monday morning musicales of particular appeal to children. The artists are Fay Palmer Kreer of Winnetka and Dorothy Riley Brown of Kenilworth, vocalist and pianist. The series is broadcast from radio station WMAQ, at 9 o'clock, and is being received in some of the public school.

Instruct Pupils in Effective Use of Public Library

That children should be instructed in the use of books and libraries as everyday aids is a well recognized fact in present day education, as suggested in WINNETKA TALK last week.

To this end a course is being introduced into the Winnetka schools and this month every seventh grade class in its study of "Town and City Life" is devoting two days to lessons upon the classification and arrangement of the school library and the use of the card catalog.

It is hoped to extend the instruction to the intelligent use of the resources of the Winnetka public library when it is again opened in the remodeled building. The schools appreciate the splendid co-operation and generosity extended by the Public Library board and the librarian in increased book collections loaned to the schools and in every other possible way.

As practically all the libraries of the United States are classified and arranged by the same system, an understanding of a small library is easily translated into intelligent comprehension and use of larger collections later on; and this knowledge acquired now is of practical value to the student all the rest of his life.

TEACHERS AT TEA

The Woman's club of the New Trier faculty held a tea in the school mess-hall last Wednesday afternoon, at which a program of a social nature was enjoyed. At a meeting of the club recently, Miss Elizabeth Hadden was elected president; Miss Eva Thorn, treasurer, and Miss Avaline Kent, social chairman.

Winnetka Congregational Church
