**Hanley May Place
Soph Backfield in
N. U.-Ohio Game**

Possibilities that a sophomore backfield will be inserted into the Northwestern lineup for the Ohio game at Columbus Saturday was imminent as Coach Hanley began preparations for the coming struggle.

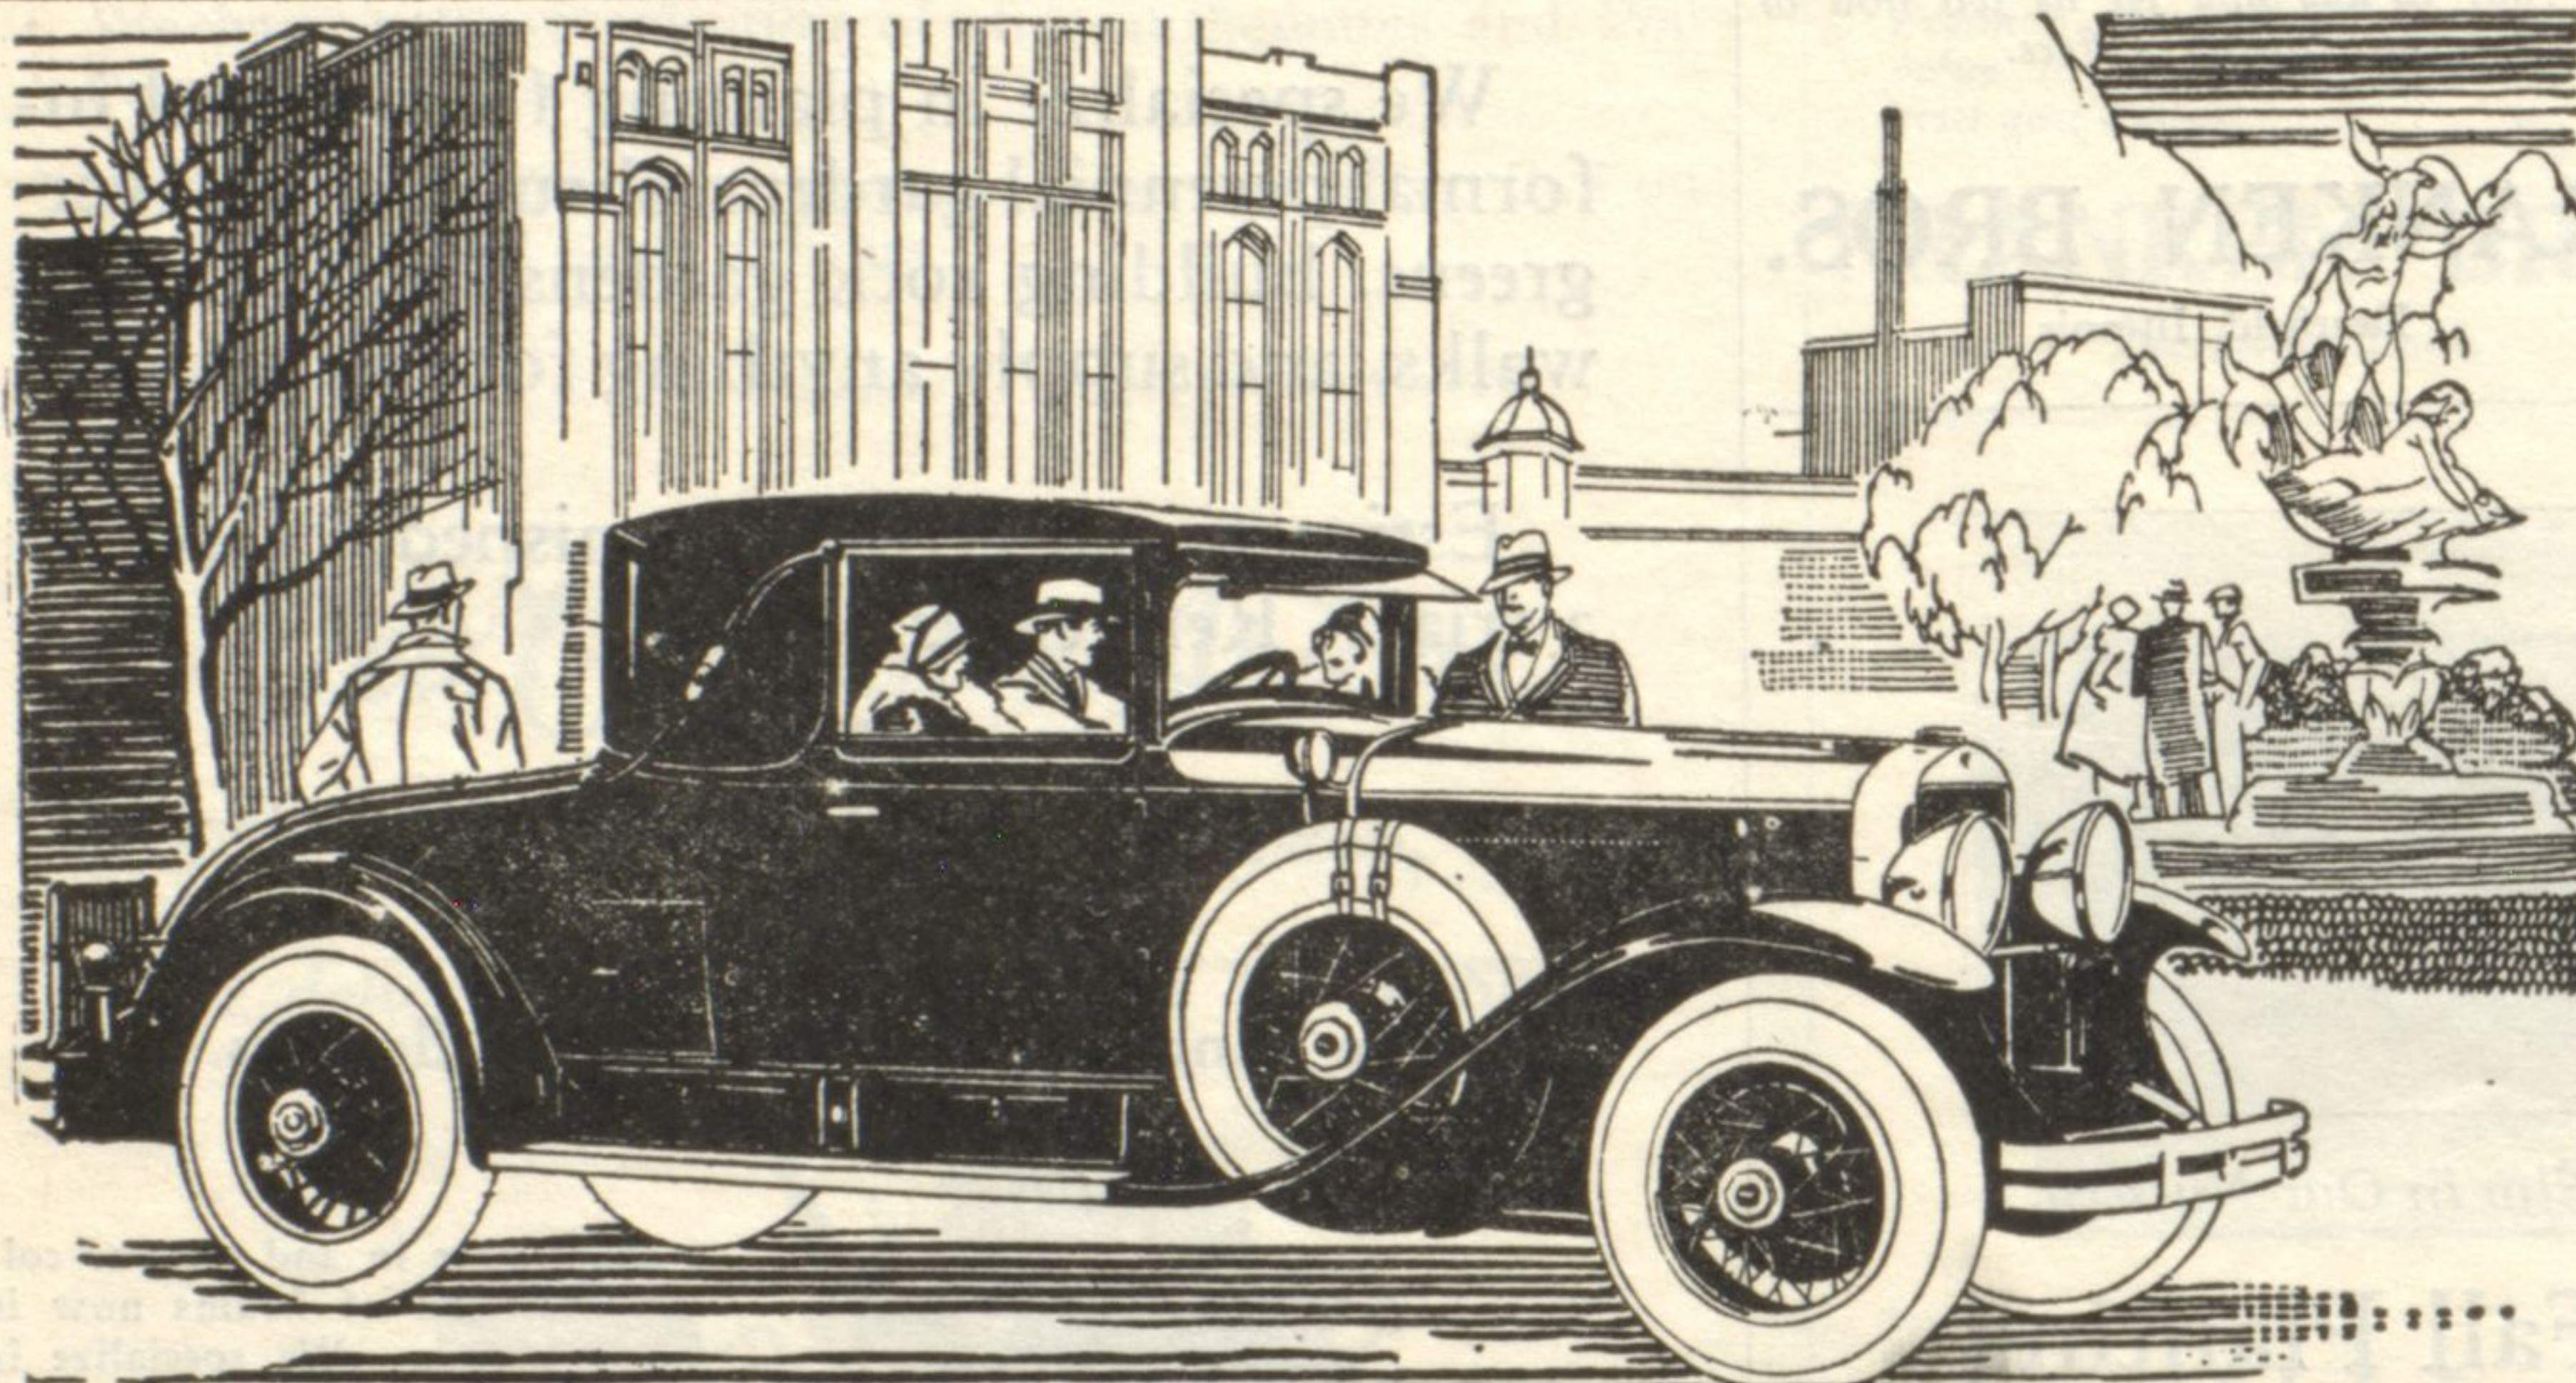

Highly dissatisfied with the showing of his regular backs in the Utah game last Saturday, the new Purple mentor plans to work his youngsters on the first string eleven during practice this week. It was these sophomores who pulled the Utah game out of the fire after the veteran backs had failed to get going.

Two sophomore backs, Rus Bergheim and Johnny Haas, showed that they can carry the oval and unless Coach Hanley decides otherwise these two halfbacks will see a lot of service against the Buckeyes. Bill Calderwood, a sophomore fullback, also demonstrated a lot of ability and should see action Saturday. Bert Fox who was understudy to Moon Baker last fall and consequently did not break into the lineup is coming along fast as quarterback on the second eleven.

However, it is not likely that such men as Capt. Gustafson, Tiny Lewis, Walt Holmer and "Yatz" Levison, who constitute the regular backfield, will remain on the bench throughout the Ohio engagement. The chagrin they will receive while working out with the scrubs this week may be just what they need to get them in shape for the game.

MOVE TO WAUKEGAN

Mr. and Mrs. A. Aho moved this week from 1476 Asbury avenue to 620 Cummings avenue, Waukegan.

The New CADILLAC

has met a great, nation-wide reception from an appreciative motoring public. It is acclaimed everywhere as the most beautiful of all Cadillacs—the greatest value in fine cars ever offered.

Much was expected of this new car. It had to meet the critical approval of the smartest motorists in America. It had to surpass the highest attainments in beauty, in luxury, and in performance known to fine cars. It had Cadillac's own greatest past accomplishments to transcend.

On every score, the conquest was decisive. And more: There was victory, equally great, in the new Cadillac price—which might easily and justifiably have been an advance. Instead, the new line represents values that are overshadowingly the greatest ever offered—and within a price range more moderate than before.
