

The Pup Is Furnace Man

You Can Afford to Heat Your Home with Gas

THE actual dollar and cents cost of Automatic Gas Heating is surprisingly little more than the all-over cost of coal or oil heating in communities served by the North Shore Gas Company—when the cost of fuel, labor of furnace tending and handling of ashes are considered for

HEATING**

coal, and the cost of gas pilot lights, electricity, depreciation and servicing of the burner are included for oil.

With our special low house heating rate, the outstanding comfort, convenience and reliability of Automatic Gas Heating more than offsets the slight difference in cost. Our special low gas rate for house heating and the operating efficiency of Bryant Gas Boilers and Gas Furnaces, brings the luxurious heating service of gas fuel well within reach of most home owners.

Just what the cost would be for your particular home, can be very readily estimated. Ask to have one of our house heating engineers call at your home or office.
