Greeley School P. T. A.

The officers of the Greeley school Parent-Teacher association are Mrs. Myron J. Harshaw, chairman; Mrs. Neil H. Gates, vice-chairman; Mrs. James W. Harris, Jr., treasurer; Mrs. Ogden Coleman, social chairman. The chairmen of groups are Mrs. Forest Lowrey, general chairman; Miss Margerunis, kindergarten; Mrs. Justus Chancellor, Miss Hayes' first grade; Mrs. George Leach, Miss Mee's first grade; Mrs. Arthur Boynton, Mrs. Schwaerer's second grade; Mrs. J. A. Merrill, Mrs. Ott's second grade; Mrs. George L. Bronnen, Miss Baer's third grade; Mrs. Maynard H. Riley, Miss Barnes' third and fourth group; Mrs. Wm. A. Snyder, Miss Nelson's fourth grade; Mrs. Isaac L. Rothschild, Mrs. Herrick's fifth grade; Mrs. E. O. McNair, Jr., Miss Nechak's fifth grade; Mrs. J. C. Stevenson, Miss Zerr's sixth grade; Mrs. Neil Gates, Mrs. Woody's sixth grade.

At the first meeting a month ago of all the Greeley chairmen it was decided to pursue a definite aim for the year. After some discussion, it was felt that the co-operation of the parents on the work in social science would offer the richest field. The first meeting held, after this plan had been adopted, was arranged by Mrs. I. S. Rothschild for the parents of Mrs. Herrick's fifth grade. The parents gathered around a table, and the meeting took the form of a discussion. Mrs. Herrick told of the work of the fifth grade in general, then told in detail of the work in social science. Greece is the subject for a large part of the year, and Mrs. Herrick had secured sample books from Chandler's to show the mothers. These were books which

children may read and books which parents may read to children. Due to the richness of the material, it is impossible to find the time in school to let the children read everything they would enjoy. Also since home reading and home discussion give parents the opportunity to keep in close touch with the children's thoughts and work, the parents welcomed the idea. Each mother took the name of a different book, and arrangements were made for exchanging these books as soon as they were read.

On Thursday, October 20, Mrs. Arthur J. Boynton arranged a similar meeting for the mothers of Mrs. Schwaerer's group. Mrs. E. W. Trowbridge, who had spent the day talking of the Southwest Indians to the second grades at Greeley, remained to talk to the mothers. Mrs. Trowbridge has spent much time among the Indians of the Southwest and gave a very helpful talk.

Mrs. Forest R. Lowrey gave a tea at her house for the kindergarten mothers October 14.

Mrs. Neil H. Gates is chairman of a committee consisting of all the room chairmen to plan and prepare a dinner to be given at Greeley for the teachers of all the four schools and their guests on October 26. The Greeley teachers planned to give a country dance on that date and the parents offered to serve a dinner.

Mrs. Ogden Coleman and Mrs. Forest Lowrey have each given a luncheon for Greeley teachers at the Vista del Lago. Miss Brett, principal of Greeley, arranged two matinee parties on the two past Saturdays for Greeley teachers.

Plans for a general meeting of the Greeley parents are under way. Thomas Whitney Surette, who serves in an advisory capacity to our music department, is to be secured at an early date, it is hoped. Mr. Surette has an interesting philosophy upon

Second Artist Recital Concert on November 7

The second concert of the Artist Recital series, now being given under the auspices of the Winnetka Music club, will be given Monday evening, November 7, in the New Trier High school auditorium. The program will be in the form of a joint recital presented by Wanda Landowska, noted pianist and harpsichordist, and Nina Morgana, a soprano of unusual distinction.

The career of Miss Landowska is considered by musicians as a chronicle of devotion to an ideal. She was born in Warsaw, where at fourteen she was graduated from a conservatory, and shortly thereafter went to Berlin to study composition. In Berlin she became interested in the study of ancient manuscripts and instruments of the classic period and soon became not only one of the leading artists but also an authority on ancient music.

Miss Morgana is an American artist and has achieved fame in both Europe and America. On the advice of Caruso, for whom she sang in 1908, she studied in Milan and made her debut in the LaScala Opera House in that city. Since then her fame has steadily mounted and she has sung with some of the leading opera companies of the world, among which are the Chicago and Metropolitan Opera companies. She has toured in recital with Amato, Elman, Martinelli and Caruso.

the teaching of music to children and acts as a consultant to many schools in the east and a few in the middle west. The parents who heard him speak to a child study group last year declared the talk to be one every parent ought to hear.
