Injured Motorcycle Cop Returns From Hospital

Motorcycle Policeman Edgar Fellows of the Kenilworth police department, who was severely injured on October 14 in a head-on collision with a machine driven by W. W. Doer, Kenilworth pharmacist, at the intersection of Kenilworth avenue and Sheridan road, was released from the Evanston hospital this week, where he had been confined since the accident. While he sustained no broken bones in the accident, Fellows is forced to use crutches to get about due to the severe bruising of one of his feet. It is thought probable that it will be about two weeks before he is able to resume his patrol.

Although Coach Hanley does not fear for the result of this week's game, the absence of "Tiny" Lewis and Fisher from the Purple lineup will be keenly felt. Both the big fullback ace and the rangy end were badly bruised in the disastrous N. U.-Illini tilt and are on the bench with wrenched legs.

Mrs. Albert Pick, Jr., of 568 Cherry street has as her guest, her mother, Mrs. Greenberg.

Community Center to Start Classes in Gymnasium Work

The ninth season of the community gymnasium classes conducted under the auspices of the Kenilworth Community Center will open next Tuesday, it was announced this week by Mrs. Jessey L. Page, director of the Center Registration for the classes which will be held for both boys and girls, will be conducted next Monday afternoon between the hours of 3 and 5 o'clock.

Classes for boys will be conducted on Monday and Thursday by Robert W. Townley, who has been in charge of the boys' work at the community center for several years. There will be three classes, the first from 3:15 to 3:45, the second from 3:45 to 4:30 and the third from 4:30 to 5:30. In addition Mr. Townley will conduct a hike for the boys on Saturday mornings.

Two divisions of class work for girls are being offered under the supervision of Miss Lilabel Slood, who comes to the north shore for the first time this season. Miss Slood is a graduate of the Chicago School of Physical Education and has been connected with the physical education work in Hinsdale, Illinois, for the past five years.

The classes on Tuesday afternoon and Saturday morning will be devoted to aesthetic dancing while those on Wednesday and Friday will be devoted to regular girls' gym work. The Tuesday, Wednesday, and Friday classes will be conducted in three periods as in the case of the boys' classes and at the same hours. On Saturday morning the hours will be from 9:30 to 10 o'clock and from 11 o'clock to 11:45 o'clock.

Special leaders and basket ball classes will be given on Saturday afternoons. An announcement as to the date for the starting of Camp Fire meetings will be made later, Mrs. Page stated.
