**Pupils Vie for Awards  
in O. R. Barnett Contest**

Otto Barnett of Glencoe offers to the students of New Trier High school an annual prize which is given to the student who has submitted the best essay on any subject in the field of civics or economics.

These essays should contain not less than 1,500 words and no more than 2,500 words. First and second prizes are awarded. The essays must be turned in by the close of school for the Christmas vacation and the prizes will be awarded early in January.

The contest is open to all four classes, especially the upper classmen. The essays of last year contained excellent material and it is hoped that they will be equaled if not surpassed by those of this year.

Mrs. B. F. Langworthy of 832 Bryant avenue presided at the meeting last Saturday sponsored by the Chicago Adult Education conference at an evening institute on adult education at the Men's City club. Dr. Joseph Hart, professor of education at the University of Wisconsin, led the discussion.

**N. S. RELATIONS BODY  
ON PERMANENT BASIS**

**Prof. C. D. Hardy of Evanston  
Named Chairman of Inter-Community Organization**

The North Shore Relations committee, the outgrowth of a suggestion for the organization of a group of this nature made at a meeting of the Glencoe Chamber of Commerce by William S. Edwards, chairman of the civic committee of that body, about a year ago, became a reality Friday night of last week at which time Prof. C. D. Hardy of Evanston, was elected permanent chairman.

The meeting was held at the North Shore hotel, Evanston, at which William S. Edwards of Glencoe, chairman of the temporary organization, presided.

**Elect Officers**

Both Mr. Edwards and Professor Hardy of Northwestern university, were nominated for the office of permanent chairman. Mr. Edwards declined the honor in favor of Professor Hardy, explaining that, while he is heart and soul in the movement, as his past efforts in its behalf would indicate, he felt that he has not the necessary time to devote to the enterprise.

Mr. Edwards is chairman of about a half dozen other organizations, he explained, including the Glencoe Golf club and is building commissioner for Glencoe, which, with his multitudinous duties he said occupied all his time.

Other officers elected at this time were Paul Udell of Highland Park, vice-chairman, and Miss Irene Strickler, secretary of the Wilmette Chamber of Commerce, secretary.

The North Shore Relations committee now comprises the towns of Evanston, Wilmette, Winnetka, Glencoe and Highland Park. Any other village in the north shore area may join, affiliation from each chamber of commerce with the North Shore Relations committee being by appointment by the president of such chamber, of five members.

The chairmen from the several chambers' committees comprise the executive committee of the new organization, whose meetings will be held subject to call of the general chairman, and a rotation of membership villages will be observed in the selection of a place for holding such meetings.

**Area Problems**

The building of the new through highway, traversing the north shore section, will be one of the problems coming before the North Shore Relations committee, many times, it is said, before the project is completed. It is one in which the several communities are jointly interested, and is given as one of the best examples of the missions of the new organization.

Track depression, which is being studied in connection with the building of the new highway, is another inter-community problem as is also the drainage proposition.

As the north shore continues to grow at its present stride, it is felt by the new organization that it will be frequently called upon to serve the extensive area it has undertaken to serve.

**HEADS METHODIST PASTORS**

Dr. Horace G. Smith, minister of the Wilmette Parish Methodist church, was this week elected president of the Methodist ministers of the Chicago area at the annual election held in the Chicago temple. Dr. Smith was recently elected a delegate to the Methodist General conference to be held in Kansas City, Mo., next May.
